IDLE WILD — In the still of the night a lone policeman surveys the inactivity at New York City's Idlewild Airport, idled by the wildcat strike of flight engineers.

Strikers Eye Kennedy Plea

Study Panel Urged In Airline Dispute

NEW YORK (AP)—Flight engineers whose strike has entangled the nation in its worst airline tieup in history announce their decision today on whether they will bow to a return-to-work plea from President Kennedy.

The Flight Engineers International Association began polling its 3,500 members Tuesday night after Kennedy set up a three-member commission and asked the engineers to end their walk-out while it studied the dispute.

The commission's powers will be only advisory, and there was pessimism among union leaders that the strikers would return to work.

The six-day-old wildcat strike has closed three of the nation's biggest passenger lines and has all but shut down three others. More than a half million passengers have been inconvenienced.

Eastern, American and Trans World all have ceased operation. Pan American, National and Western are maintaining only token service.

Kennedy's appeal was made through Secretary of Labor Arthur J. Goldberg, who said the airlines had promised there would be no disciplinary action against the strikers.

The commission, which is to report to the President within 90 days, consists of three professors—Nathan Feinsinger of the University of Wisconsin, chairman; Richard Lester of Princeton and J. Keith Mann of Stanford.

Ronald A. Brown, president of the Flight Engineers' Association, said the crux of the situation is whether the findings of the commission would supersede a decision by the National Mediation Board that touched off the strike.

That decision ordered members of the union and the Air Line Pilots' Association at United Air Lines to vote for a single union as their bargaining agent.

Pilots outnumber engineers by more than three to one, and the engineers fear the ruling might lead to the eventual death of their union.

Afterthought Brings Second Kennedy Talk

WASHINGTON (AP)—After delivering a speech Tuesday to a conference on physical fitness, President Kennedy left the Social Security Building here, changed his mind, rushed back, mixed with a group of foreign teachers, climbed back on the podium, and gave an impromptu talk on education.

Kennedy in his first talk pledged his administration to a program that will "inspire our country" to concern itself with physical fitness.

"We don't want in the United States a nation of spectators," he said. "We want a nation of participants in the vigorous life."

The conference had been called by Secretary of Welfare Abraham A. Ribicoff. The 100 regular delegates spent the day discussing how to promote physical fitness and the part the government could play in such a program.

In his second talk, Kennedy said schools in the United States tend to place too much emphasis on the kings of England and the battles fought by England and France.

"They haven't placed great enough emphasis," he said, "on the great events and the great men who figured in the history of the countries to the south of us, and in Africa, the Middle East and Asia."

Kennedy Gets Dividend

WASHINGTON (AP)—John S. Gleason Jr., head of the Veterans Administration, called at the White House Tuesday to give President Kennedy, a World War II Navy officer, a \$78 GI insurance dividend.

George Washington Seldom Observed a Happy Birthday

WASHINGTON CROSSING, Pa. (AP)—George Washington seldom had a happy birthday.

When the anniversary rolled around he was more often than not plagued by sickness, lack of cash, crop failures, spiteful tongues, sunshine patriots and politicians handy with the harpoon.

Posterity seems bent on making up, in its own fashion, for what the father of his country missed. With parties, parades and shop-

F. B. Brunner Dies in Home At Age 92

Frederick B. Brunner, 92, died at 4:30 p. m. yesterday in his home at 317 S. Court St. following a lengthy illness.

Mr. Brunner was for many years associated with T. K. Brunner & Son Jewelers, a business which was founded here in 1860.

He was born Aug. 9, 1868, the son of Thomas K. and Sarah Baker Brunner. In 1900 he was married to Sarah Miller Brunner who preceded him in death in 1956.

Mr. Brunner is survived by one daughter, Mrs. Dorothy Eveland, 203 N. Scioto St., two grandchildren and two great grandchildren. Cousins surviving are Mrs. Lena Thatcher, Circleville, Kenneth and Everett Cranston, Portsmouth, and George Price and Louis Price, Waldman, N. J.

THE former jeweler was a member of the Presbyterian Church BPO Elks Lodge No. 77 and Blue Lodge Chapter and Council.

Services will be 2:30 p. m. Friday at the Mader Funeral Home, with the Rev. Donald Mitchell officiating. Burial will be in Forest Cemetery.

Friends may call at the funeral home from 7 to 9 p. m. Wednesday and 3 to 5 p. m. and 7 to 9 p. m. Thursday.

Pickaway Masonic Lodge No. 23 will conduct Memorial Services 8 p. m. Thursday and the BPO Elks will hold similar services at 8:30 the same evening.

Hungary Hopes U.S. Relations Improve

CLEVELAND (AP)—Janos Kadar, in a letter to industrialist Cyrus Eaton, said the election of President Kennedy has raised hopes in Hungary that relations with the United States "will sooner or later really improve and get normalized."

The letter from Kadar, first secretary of the Hungarian Communist Party, was presented to Eaton Tuesday by Tibor Zador, counselor of the Hungarian legation. Zador was guest at a luncheon attended by Cleveland business and civic leaders. He also presented Eaton with a painting by a Hungarian artist, which was a gift from the Hungarian government.

What Do Astronauts' Parents Say?

By THE ASSOCIATED PRESS How does a parent take the news that a son soon may be launched on a rocket ride into space?

"We are very proud that he has been chosen," was the reaction of Mr. and Mrs. Alan B. Shepard Sr.

"Oh, no! I've been hoping and praying he wouldn't be the one," said Mrs. Dennis D. Grissom.

"We are sure our son will be

thrilled if he is chosen to be the first," said Mrs. John H. Glenn Sr.

The United States' first human space traveler will be either Virgil Ivan Grissom, John Herschel Glenn Jr., or Alan Bartlett Shepard Jr.

Just which one will actually be recorded in history as the first will not be known until immediately before the launching, possibly late in March or April.

Research at this center of Washington lore on the Delaware River shows Washington at that time was suffering from fevers and in severe pain from something resembling an acute attack of flu. His tobacco crop was poor. His plantation was running down generally, largely because he had been away from home so much.

It was also a time of political crisis for Washington. He was running for re-election to the Virginia House of Burgesses from Frederick County. His opponent was an old comrade-in-arms, Adam Stephen, from the French and Indian war.

Stephen conducted a whooping, whirlwind campaign. Hampered by illness, Washington was like a guttering candle competing with a fireworks display. Washington won the election, but seemed in no mood to celebrate.

Down through the years, Washington wrote often of money worries; of going into debt and of being unable to collect money due him; of selling land and goods at losses; of having to turn down friends' appeals for loans.

As early as 1782—he died in 1799 at the age of 67—he said "I pant for retirement" so that he might end his days in quiet. Before that came to pass, however, he was called upon to serve eight driving years as president.

Heavy Rains, Not Stars, Fall on 'Bama

By THE ASSOCIATED PRESS Continued rain brought more woe today to north-central Alabama, already made soggy by six straight days of precipitation.

Damage, as yet uncounted, mounted as rising water forced more families from their houses.

The Red Cross estimated that nearly 1,000 persons were displaced by high water in Jefferson (Birmingham) county Tuesday night. About 100 families fled the rising water at Gadsden, Ala., and an uncounted number were evacuated near Tuscaloosa, Ala. A few evacuations were reported near Montgomery.

While the flooding has been prevalent over much of the southeast, only one death has been reported—a drowning in Louisiana. Eight persons were injured when a tornado whirled through Angie, La., Tuesday. It destroyed two houses and a high school, but none of the 535 students had arrived for classes when the twister struck.

Another tornado spawned from rain-bearing, slowly-moving low pressure areas advancing from the Gulf of Mexico hit Sumrall, Miss. It caused \$2,000 damage to an auto repair shop, but no one was injured.

Rain fell over sections of the Rockies and Pacific northwest Tuesday. In western Washington a 3-inch fall in 24 hours brought some rivers up to flood stage, cut rural roads, isolated small towns, closed some schools and marooned farm families.

Race War Seen in Africa Over Rhodesian Squabble

Idle Pay Measure Up in Legislature

COLUMBUS, Ohio (AP)—The Ohio House acts today on an emergency bill to extend unemployment benefits an extra 13 weeks. The Senate is dangle before undecided legislators the prospect that the long-time unemployed could be collecting checks within a couple of weeks.

If the House, after an expected wrangle of several hours, passes the extension today, Senate Majority Leader C. Stanley Mechem, R-Athens, virtually has promised that the Senate will take final action next week.

House Minority Leader James A. Lantz, D-Fairfield, expressed belief that Democrats would not provide enough votes for approval of an emergency clause to make the bill effective upon enactment. He also expressed some doubt about passage of the bill itself because of what he termed "crippling" provisions in the compensation act.

The situation has a few strange—even mystifying—aspects.

Organized labor, which has berated the legislature for dragging its heels ever since the Democratic-led lame-duck special session refused to extend jobless benefits last November, now is calling on lawmakers to defeat the GOP-sponsored extension.

And the Republicans who now lead the legislature, after weeks of saying they intended to await congressional action on a benefits extension, suddenly have decided they are going to pass their own bill right now, come what may.

Today, it is the House Democrats who are caught in the middle. They have a choice between people back home who have exhausted their regular 26-week benefits and now are pleading for help and the Ohio AFL-CIO which complains the GOP bill takes away too many rights of the unemployed in the guise of helping them.

The Republican leaders appear cock-sure of enough Democratic votes—especially from the rural areas and small towns—to pass the emergency bill.

But, warns Mechem, if the bill reaches the Senate without an emergency provision, there won't be any hurry-up attitude on the part of the upper House.

Miami Bandit Returns Loot To Loan Firm

MIAMI, Fla. (AP)—One of this city's slickest holdups solved itself when the bandit returned his loot.

Eugene John Snyder, 33, jobless Fort Lauderdale salesman, Tuesday, handed a sack of bills to John O'Keefe, manager of a Flagler Federal Savings and Loan Association office.

"This is the money I stole yesterday," said Snyder, and began weeping.

Snyder said he spent only \$20 of the \$4,577 he obtained Monday by showing a teller a pistol wrapped in a newspaper.

"I needed money for groceries and medical bills. I was desperate," Snyder said.

"I only needed \$300. When I looked in the bag and saw all that money I was shocked. I stayed awake all last night thinking about it. Then I decided to bring the money back."

Snyder said his wife is ill. He said the gun he used in the holdup was not loaded.

Snyder was held on \$20,000 bond.

It will require the help of at least nine Democrats in the House and six in the Senate to pass the extension as an emergency measure which would be effective as soon as it is signed by Democratic Gov. Michael V. DiSalle.

But that raises another mystifying point. What is the governor's position? He won't say.

He was obviously happy at Tuesday's news conference that the GOP has decided to recede from a provision in its original extension bill which would have required an ex-ante to have worked 30 weeks instead of 20 on the job on which his benefits are based before being eligible for extra benefits.

Appeal Sounded For Education

DiSalle Asks GOP To Restore Funds

COLUMBUS, Ohio (AP)—Gov. Michael V. DiSalle appealed Tuesday night for restoration of \$39.4 million for educational purposes in his two-year appropriation bill, and said he "would find it hard to believe that Republican leaders will turn their backs on the problem."

The appeal was contained in a 56-page special message. GOP leaders stripped the item from the bill before it was introduced a week ago.

DiSalle foresaw in his message an increasing crush of students in public schools in the years ahead, and the need for teachers to educate them. Much of the money would go for additional teachers and salary increases.

"Ohio will have to keep its salary levels at least equal with those of competitive states," he said.

The governor also recommended, although he is not recommending appropriations for them now, state authorization for locally-operated two-year technical schools and two-year branches of state universities.

"For as long as this state continues to grow," he said, "we must continue to furnish ever-increasing facilities to provide education at every level," he said.

He also said that while attendance in public schools increased from 1947 to 1960 by nearly 800,000, to a total of 1,850,100, the state's support in that time dropped from 45 per cent of total educational spending to 31.5 per cent.

This occurred, he added, although the state now is contributing \$113.20 per pupil annually, compared with \$80.23 in 1947.

Looking into the future, the governor predicted a public school enrollment of 2,161,638 by 1964, and said that if the per-pupil outlay should continue at \$113.20, an increase of \$52.5 million will be needed for the 1963-65 biennium.

\$55 Million Budget Unveiled in Cleveland

CLEVELAND (AP)—A \$55 million budget for the city's operation was unveiled Tuesday by Mayor Anthony J. Celebrezze.

There is no substantial change in the appropriations for individual departments from last year's appropriations. More money is allocated for wages of city employees, however, resulting from a wage settlement last year. Hearings on the budget begin Tuesday. City operating expenses in 1960 totaled \$52,835,708.

TEXAS BLAST Fatal to 10

BORGER, Tex. (AP)—A shattering explosion ripped through a construction site at the Alamo plant of Phillips Petroleum Co. today and state police said at least ten persons were killed.

The number of injured was not known immediately, but unconfirmed reports indicated the total may be large.

The area was sealed off immediately after the blast.

The cause of the explosion was not immediately determined.

White Leader Opposes Votes For Negroes

Racial Supremacy Advocate Hits British For Inspiring Trouble

By THE ASSOCIATED PRESS With the Congo still a tinder box, new trouble developed today in the seething continent of Africa.

South Rhodesia Premier Sir Roy Welensky mobilized his white-supremacy government against a race war, he claims the British are inspiring by insisting on more self-rule for Negroes in Northern Rhodesia.

Sir Roy called up 5,000 territorial troops and summoned the Parliament of the federation—linking Southern and Northern Rhodesia and Nyasaland—for an emergency session Friday.

From the federation's capital here he flatly rejected the British plan to enlarge the North Rhodesian Parliament to give the Africans a louder voice in governing the protectorate.

Under the new constitution proposed by London the property, income and educational qualifications for voting would be relaxed to increase the number of African voters by 10 times to a total of about 70,000.

Sir Roy, 53, a former boxer and trade union organizer, says most of the Africans are not capable of governing themselves in Northern Rhodesia, where they outnumber whites about 2,250,000 to 72,000.

Meanwhile, the United States is reported urging Belgium to pressure President Moise Tshombe to bring Katanga Province into a federation of Congo states that

(Continued on Page 2)

High School Class Leader Kills Parents

WEAVERVILLE, Calif. (AP)—Daryl Moss, 15, president of the sophomore class at Weaverville High School, killed his parents early today.

Sheriff Harold Wilson said the crewcut, bespectacled Daryl also shot at a young woman who lived with his family. He missed, but then hit her over her head with a rifle, injuring her seriously.

Wilson said the boy took \$24 belonging to his Boy Scout troop and more than \$400 of church funds his father had been entrusted with and drove away in the family car.

Police captured Daryl near Redding less than an hour later, and said he admitted the killings. "I hate my father," Daryl told Wilson. "We just couldn't get along. I wanted to leave home. He didn't want me to."

Daryl was asked why he killed his mother.

"I didn't like her much either," the boy replied.

Dead at their Lewiston cottage were Veril F. Moss, 45, a program engineer for the Bureau of Reclamation; and his wife, Lois Elizabeth Moss, 44.

Jean Ann Taylor, 20, of Orem, Utah, was in serious condition at Weaverville Hospital.

Undersheriff Leonard Adams said "We can't understand it. The father was an elder in the Mormon Church. Daryl is the secretary of his troop and an Explorer Scout. They were decent people."

TEXAS BLAST Fatal to 10

BORGER, Tex. (AP)—A shattering explosion ripped through a construction site at the Alamo plant of Phillips Petroleum Co. today and state police said at least ten persons were killed.

The number of injured was not known immediately, but unconfirmed reports indicated the total may be large.

The area was sealed off immediately after the blast.

The cause of the explosion was not immediately determined.

Lone Rocket Lofts Pair of Satellites

WASHINGTON (AP)—Tuesday night's doubleheader satellite shoot was only partially successful and the orbiting devices are not living up to expectations, a spokesman for Johns Hopkins Applied Physics Laboratory said today.

The pair of space travelers achieved orbit, the spokesman said, but the path apparently is only a little over 100 miles above the earth instead of the target height of 500 miles.

He added that there are some indications the two units may not have separated as they were intended to do.

The laboratory, an affiliate of Johns Hopkins University, is in charge of the tracking of the space messengers.

The new satellites—or one satellite if they are still joined together—are the Navy's 250-pound Transit III-B navigation device and a 54-pound hitchhiker called Lofti, intended to study space communications.

Prior to the double launching the United States had put up three

satellites in five days and built up a string of six straight space successes since the first of the year.

The doubleheader went up at 10:45 Tuesday night from Cape Canaveral, Fla., propelled by a Thor-Able-Star rocket.

Putting satellites up by the bundle is nothing new to the Able-Star. It did the trick last June with Transit II-A and a radiation satellite.

One of the string of 1961 successes in America's swiftly moving program to conquer space occurred earlier Tuesday at Cape Canaveral.

An Atlas missile launched an unmanned model of the Project Mercury man-in-space capsule on its most severe test and advanced the day when an American astronaut will take a rocket ride.

The capsule, streaking 12,850 miles an hour, shot 107 miles up and was subjected to the worst conditions an astronaut might encounter on a return from orbit. The spacecraft was recovered in excellent condition 1,425 miles down range.

Shortly after the recovery, the National Aeronautics and Space Administration picked astronauts John Glenn, Alan Shepard and Virgil Grissom to begin final training for a suborbital flight in a similar capsule. The historic flight is expected in two or three months.

Other American satellites sent into orbit in the last five days were the Explorer IX polka dot balloon from Wallops Island, Va., and Discoverers XX and XXI from Vandenberg Air Force Base, Calif. The Discoverer XX test was marred Tuesday when a malfunction prevented ejection of a capsule for recovery. This year also has seen the orbiting of the Samos II reconnaissance satellite and the recovery of Ham the space chimp after a brief rocket trip.

Star billing on Tuesday night's doubleheader goes to Transit III-B, the third such satellite sent into orbit as a forerunner of an operational network of space lighthouses which will provide ships, planes and submarines with an accurate, all-weather navigation system.

Transit III-B, a 36-inch ball, is a much advanced edition of the two earlier Transits. It is equipped with almost all the equipment which will be aboard operational Transits scheduled to be launched next year.

Transit III-B, a 36-inch ball, is a much advanced edition of the two earlier Transits. It is equipped with almost all the equipment which will be aboard operational Transits scheduled to be launched next year.

Castro Slated To Announce End to Revolt

HAVANA (AP)—Fidel Castro is expected to announce that clean-up operations against rebels in the Escambray Mountains are "coming to an end" and should be completed within five or six days, an unofficial report from Cienfuegos said today.

The report said that the prime minister would soon make a television appearance to announce—for the second time in five months—that his army and militia men had swept the insurgents from their mountain strongholds in south central Cuba.

The Ministry of Armed Forces kept the security lid on the Escambray situation and denied any knowledge of the report.

The source in Cienfuegos had no details of the military operations except the reported disappearance of Capt. Joaquin Membrive, one of the insurgent chieftains.

Membrive and 12 others recently signed a declaration of unity merging divergent rebel groups. Membrive is believed to command a band formerly led by Capt. Sinesio Walsh, who was captured and executed in Escambray last October.

Opposition sources in Havana claimed the government is planning to repeat its performance of last October, when it announced the liquidation of the insurgents in the Escambray Mountains and tried more than 200 persons on charges of participation in the Janti-Castro fight. Five were executed.

Billion-Dollar Aid Program Slated for OK

WASHINGTON (AP)—A billion-dollar program of emergency help for the long-time unemployed, President Kennedy's No. 1 legislative project, apparently was set today for prompt approval by the House Ways and Means Committee.

Democratic leaders were hoping to bring it to a vote early next week and make it the first of the new administration's 16 priority measures to win House approval.

Other items on this priority list, announced by the White House Tuesday, also moved up a notch or two.

A companion bill, for benefits to children of the unemployed, was being put into shape for Ways and Means approval with or just after the unemployment payment extension.

The House Banking Committee set hearings Friday on a multi-million-dollar program of loans and grants to help pull chronically depressed areas out of their slumps. Senate hearings on a similar measure are almost finished.

The Senate Labor subcommittee announced hearings on the administration bill to increase the minimum wage by stages to \$1.25 an hour. These will begin Tuesday and are expected to be held to four days. A corresponding House subcommittee ended hearings Tuesday and set a target of March 2 to complete work on a bill.

A concession by administration forces on the unemployment insurance extension bill smoothed the way for Ways and Means approval and, sponsors said, assured prompt House passage.

The estimated \$990 million required to extend payments up to 13 weeks maximum would be repaid by a temporary, two-year increase in the unemployment insurance tax, rather than by a permanent extension in the wage base of the tax, as Kennedy proposed.

The tax, now paid by employers at the rate of 3.1 per cent on a \$3,000 wage base, would go up to as much as 3.5 per cent—but for two years only—under the plan tentatively agreed to by the Ways and Means Committee.

Unemployed who exhausted their basic benefits after June 30, 1960, would receive the extra payments.

Ohio Northern Law Prof Wins Government Grant

WASHINGTON (AP)—Daniel S. Guy, 33, assistant professor of law at Ohio Northern University in Ada, Ohio, is one of 17 men picked to learn about government by working in it under a fellowship program.

Each will receive \$4,500 plus traveling expenses to and from Washington.

WINS PIG-GROWING CONTEST — Allen Grossman (right) is the Pickaway County winner in the Premier Pig Growing Contest. Here he receives a trophy from George Owen (left), Landmark Swine Program Director, at an award banquet in the Youth Center at the Ohio State Fairgrounds.

Orient Man Gets Trophy In Hog Test

Allen Grossman, Route 2, Orient earned first place in Pickaway County in a "points for pounds" premier pig growing contest at the Ohio State Fairgrounds yesterday.

Grossman received a \$20 feed certificate and trophy at a winners banquet at the Youth Center on the Ohio State Fairgrounds. The contest was open to all Ohio hog raisers and was sponsored by the Landmark Farm Bureau Cooperatives.

Under the rules, Grossman cared for his contest entry pigs from farrowing through their 50th day. Points were awarded for each pig remaining in the litter 50 days; for each pound of total litter weight; for each pound of pig weight and for each pound of the heaviest pig's weight.

A total of four state winners, 28 county winners and five junior winners were honored with prizes and trophies. Edgar M. Urevig, general manager of Tilney Farms, Louisville, Minn., addressed the banquet.

License Tag Missing

John Dean told local police yesterday a license tag is missing from his car. The number is X-10861.

MARKETS

CIRCLEVILLE HOG MARKETS

Hog prices all net, were reported by the Pickaway Livestock Co-op Association here today as follows:

190-220 lbs., \$17.75; 220-240 lbs., \$17.35; 240-260 lbs., \$16.85; 260-280 lbs., \$16.35; 280-300 lbs., \$15.85; 350-400 lbs., \$15.10; 350-400 lbs., \$14.35; 180-190 lbs., \$17.35; 160-180 lbs., \$16.60; Sows, \$15.25 down.

CHICAGO — Container Corporation of America today announced that it is establishing a plant in Houston, Texas to manufacture corrugated paperboard packaging products.

"This expansion is being made to better serve our customers in the south Texas area," said Harry E. Miles, vice president of the container division.

The company presently operates a corrugated shipping container plant in Fort Worth and a folding carton plant in Arlington, a few miles east of Fort Worth.

The plant, a one-story building will be equipped with a printer slotter, die cutting, taping, gluing and stitching equipment and will produce a complete line of corrugated packaging products.

Laurelville Church Plans Supper, Bazaar

Laurelville EUB Church members will sponsor a Jitney Supper and Bazaar from 5-8 p. m. Friday at the Laurelville Community Hall.

New Citizens

Mr. and Mrs. Kenneth Keller, 541 E. Main St., are the parents of a son born at 3:57 p. m. yesterday in Berger Hospital.

MASTER STUMP
Mr. and Mrs. Lloyd Stump, Route 1, Laurelville, are the parents of a son born at 8:40 p. m. yesterday in Berger Hospital.

Weekly Food Review

By THE ASSOCIATED PRESS
Ribs of beef return to the top spot among meat bargains this week.

In a sharp reversal from last week's emphasis on fish, coincident with the start of Lent, supermarkets and neighborhood stores in the East, Midwest and Far West offer rib roasts as their weekly special. One chain offers the 10-inch cut at 49 cents a pound and 7-inch cut at 57 cents a pound in the New York metropolitan area. That's roughly 20 cents below year-earlier levels.

Part of the reason for the price cuts is to sharpen demand during Lent. Another reason may be that cattle coming to market recently have been bigger than usual, reflecting cheap and abundant feed. Leg of lamb is featured in a few areas, with similar price slashes of 20 cents a pound from a year ago at 49 cents a pound and 55 cents a pound for oven-ready cuts. Inexpensive pork cuts such as butts, shoulders and smoked picnic are features in other areas. Fish specials include halibut steak, cod steak and swordfish.

Price advances of 2 to 4 cents a pound make frying chickens unattractive as a bargain item. Topping the best buy list among vegetables this week are beets, broccoli, cabbage, cauliflower, Florida celery, endive, escarole, iceberg lettuce, medium yellow onions, parsley, peas, potatoes, radishes, rhubarb, tomatoes and the orange Jersey variety of sweet potatoes.

Good buys include artichokes, beans, carrots, cooking greens such as collard, mustard and turnip tops, spinach, corn, green onions, leeks, mushrooms, large yellow onions, peppers, squash, watercress, turnips and rutabagas.

Grapefruit and oranges reign supreme among fruits. Good buys include Macintosh, Rome, red and golden Delicious apples, avocados, limes, small pears and coconuts.

Gas Pilfered From Truck

Two escapees from the Lancaster Boys Industrial School picked up near Wilmington yesterday admitted taking gasoline from a truck in Circleville.

At first it was thought the gasoline was taken from a storage tank belonging to Mrs. M. F. Thornton at the Farm Bureau Store on W. Mound St. Later it was learned the fuel was removed from the truck parked nearby.

Patrolmen William Goff and William Brungs said a hose was cut from the storage tank to use for draining gasoline from the truck.

Officers said the fuel at first believed missing from the storage tank probably was used by one of Mrs. Thornton's trucks in a routine manner.

The truck driven by the escapees when apprehended was stolen in the Lancaster area.

Indian Hills Manager Honored by Engineers

CINCINNATI (AP) — Warren Parks, village manager of Indian Hills since 1943, has been chosen engineer of the year by the Technical and Scientific Societies of Cincinnati. The group plans to give the award at its 26th annual dinner tonight. Before taking charge at Indian Hill, Parks was chief engineer for construction of the model community of Mariemont, built by the Emery Interests on the boarder of Indian Hill.

24 Students In County Get Honors

County-wide results of the 1961 General Scholarship Tests were reported today by County Superintendent George D. McDowell.

Four Circleville High School students placed in the upper five per cent in the state; six students received honorable mention certificates in the district; and 14 students received honorable mention in the county.

The four students receiving state honors were Phillip A. Wing, Brian Burley, Patricia Schroeder and Katherine Measamer.

The following received honorable mention in the district: Sandra Smith, Stephen Yost, Roger Lambert, Michael Houghton, Dave Pritchard, all of CHS; and Dorothy Dickinson, Ashville.

RECEIVING honorable mention in Pickaway County were: Anita Dean, Daniel Moffitt, both of CHS; Peggy Clark, Williamsport; Melissa Goodroe, CHS; Donna Walker, Jackson Twp.;

Raymond White, Clarence Gray, both of Walnut Twp.; Dorothea Kutler, Lawrence Callahan, both of CHS; Linda Sharpe, Williamsport; John Grigg, David McDonald, both of CHS; James McCoard, Ashville; and Anne Smith, Logan Elm.

Students assembled at Circleville High School January 20, to take the test.

Mainly About People

Mrs. August Erhardt, Mt. Sterling, has been admitted to Fayette Memorial Hospital, Washington C.H.

The Methodist Men invite you to the Annual George Washington Birthday Dinner they are preparing for Wednesday, February 22nd from 5:30 to 7:00 p. m. at the First Methodist Church. Tickets available now and at the door.

Mrs. Corbett Justice, Mt. Sterling, has been dismissed from Fayette Memorial Hospital, Washington C.H.

Homemade pies and nut bread will be featured at a bake sale from 11-4 Saturday in the basement of St. Joseph's Church.

Mrs. Walter Smith and son, New Holland, has been dismissed from Fayette Memorial Hospital, Washington C.H.

Mrs. Sam Dewey will hold a Public Auction Sat., Feb. 25th, at 151 Highland Ave., Circleville, Ohio. Consisting of farm equipment, 1953 1/2 ton pickup truck, 1941 Oldsmobile and 2 large lots of lumber. Watch for large ad Tuesday and Thursday in classified. Auctioneer will be Jim Ford.

Louise C. Roll, Route 2, Kingston, has been dismissed from Chillicothe Hospital.

Minor Injuries Treated at Berger

Three emergencies were treated and released at Berger Hospital yesterday.

Mary Maskery, 10, daughter of Mr. and Mrs. Harold Maskery, 621 N. Court St., suffered second-degree burns of the right thigh when she spilled boiling water while making tea at home.

H. N. Ater, 82, Williamsport, received abrasions of the face when he fell on the sidewalk here.

Fred Acord, 20, Ashville cut his left eyebrow when he hit the brick wall of the Armory, E. Franklin St.

Cager to Hospital

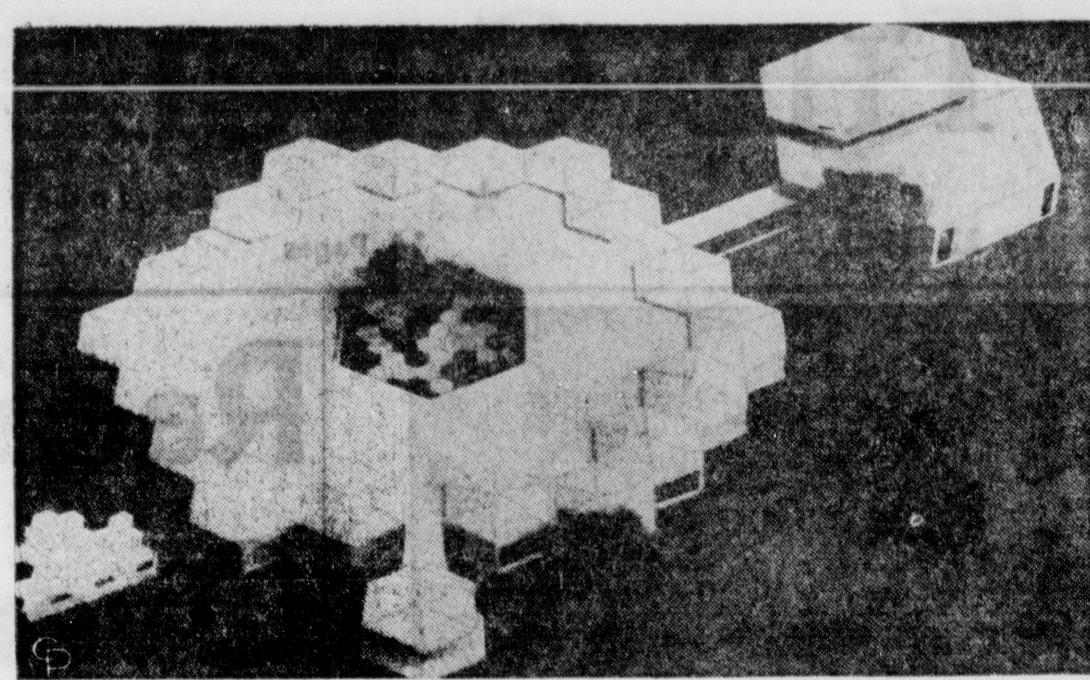

Fred Acord, Ashville, was taken to Berger Hospital at 9 p. m. yesterday by the Circleville Fire Department emergency ambulance. He suffered a cut on the head while playing basketball at the National Guard Armory next door to the fire station.

OHIO CASH GRAIN

COLUMBUS, Ohio (AP) — Ohio Dept. of Agri. cash grain prices: No 2 red wheat strong to 2 higher 1.90-1.99, mostly 1.93-1.95; No 2 yellow corn mostly unchanged 1.03-1.08 per bu, mostly 1.03-1.06; or 1.47-1.55 per 100 lbs, mostly 1.47-1.51; No 2 oats mostly unchanged 59-67, mostly 59-62; No 1 soybeans strong to 4 higher 2.53-2.64, mostly 2.58.

Ghana supplies 60 per cent of the world's cocoa.

The **Continental Restaurant**
N. Court St. — GR 4-9091

SCHOOL'S OUT—WAY OUT—Preliminary designs for this hexagonal elementary school resembling a giant snowflake have been approved by the Detroit, Mich., Board of Education. Estimated to cost \$750,000, the school will have a 672-pupil capacity. The 18, six-sided classrooms will be the outer side of the six-sided building. A separate building (right), also hexagonal, will contain a gymnasium, a small auditorium and the heating plant.

Deaths

MRS. WILLARD SEYMOUR

Mrs. Willard (Rose Ann) Seymour, 44, Route 2, died at 4:30 p. m. yesterday in Berger Hospital following a lengthy illness.

She was born Dec. 19, 1916, in Circleville, the daughter of Charles W. and Rebecca Alkire Jones.

Survivors include her husband, Willard, residence; father, Charles Jones, Pomeroy; a son, Willard E. Seymour, Williamsport;

Two daughters, Betty Lee and Donna Jean Seymour, residence; a grandchild, three brothers, John, Armed Forces in Europe, Charles and Paul Jones, Pomeroy;

Two sisters, Mrs. Cora Shaffer and Mrs. Bessie Barrett, Columbus.

Services will be at 2 p. m. Friday in the Circleville Pilgrim Holiness Church with the Rev. Alonzo Hill officiating.

Burial will be in Darbyville Cemetery.

Friends may call at the Deffenbaugh Funeral Home starting at noon tomorrow until noon Friday.

New Ohio Idle Pay Claims Increase

COLUMBUS, Ohio (AP)—After two consecutive weeks of decline, new claims for unemployment compensation increased in the week ended Feb. 18, the Bureau of Unemployment Compensation reported today. However, continuing claims of those unemployed one week or more dropped off slightly in the week.

The bureau said the new claims increased from 28,444 in the week ended Feb. 11 to 30,947, and that continuing claims dropped from 228,893 to 228,778.

The average of new claims filed weekly in February of last year was 13,037, and that of continuing claims on file 104,054.

Mother Is Unable To Save Son, 6

DAYTON, Ohio (AP)—A mother leaped into a river Tuesday in an unsuccessful attempt to rescue her 6-year-old son who had fallen through ice.

Mrs. Elzin Justice of nearby Shiloh was looking for her children when she heard the cries coming from the river. A group of children said her son, Charles, had fallen through the ice. Mrs. Justice plunged into the icy water and pulled her son out. Firemen, however, were unable to revive the child. Mrs. Justice was hospitalized with shock, exposure and a shoulder injury.

The youngsters said they had been throwing rocks onto the ice when Charles and his 4-year-old sister, Sherry, tried to walk out on the river. Both fell through the thin ice but the three remaining children managed to pull Sherry to safety.

Rabbit-Clubbing Affairs Opposed in Court Action

CHARLOTTE, N.C. (AP) — The Mecklenburg County Humane Society here has filed suit for an injunction to stop American Legion Post 113 of Harmony from holding more hunts in which rabbits are clubbed to death.

The society contends that the hunts which the post has held for the last six years as an outing for members and friends is "cruel, a public nuisance, and injurious to the health and welfare and sense of decency of the public."

Kennedy Letter to Khrush Expresses Hope for Accord

WASHINGTON (AP)—President Kennedy today sent a personal message to Soviet Premier Khrushchev expressing hope that current diplomatic conversations will bring better Soviet-American understanding.

Kennedy gave the message to U.S. Ambassador Llewellyn Thompson, for delivery to Khrushchev. Thompson now returns to Moscow.

Thompson spent about 15 minutes at the White House in company of Secretary of State Dean Rusk.

After he left, White House press secretary Pierre Salinger made the following statement:

"Ambassador Thompson has completed his consultation in Washington and leaves today to return to his post in Moscow. In a series of meetings, the President and the secretary of state have received from Ambassador Thompson a first-hand report on a variety of subjects affecting Soviet-American relations.

"In addition, these meetings will enable Ambassador Thompson to return to Moscow with a clear understanding of the President's views on the matters discussed for his use as guidance in conversations with Soviet officials. He is taking a personal message to Mr. Khrushchev expressing the President's confidence in Ambassador Thompson and the desire that any further conversations between Soviet officials and the ambassador will be fruitful and assist in bringing about better Soviet-American understanding."

Thompson planned to go to New York by train and set out by air Thursday for Moscow.

While Kennedy's message expresses hope for better Soviet-American understanding, it is understood the word that Thompson is taking from the President to the Soviet premier is two-edged.

First, that the new U.S. administration wants Soviet cooperation in many fields, such as space science and the conquest of disease.

Second, that the new U.S. administration is deeply concerned about Communist troublemaking in places like Laos and the Congo, and must judge real Soviet intentions largely by what happens in these areas of conflict.

EXERCISE 'WILLOW FREEZE'—It's real c-c-c-cold in Alaska for exercise "Willow Freeze," as these photos indicate. Upper: Three of the 7,000 participating soldiers tramp through deep snow. They are (from left) Sp/5 Daniel Sowers, M/Sgt. Melvin Keoppel, Pfc. James Corneau. Lower: The ice on a river wasn't thick enough to hold this tank. The soldier on the behemoth is Sp/4 Claude Christie.

would cooperate with the United Nations.

Informed sources said the United States also is pressing Belgium to keep her nationals from going to Katanga as mercenary soldiers for the army in Katanga Province, which Tshombe proclaimed an independent state last summer soon after the Congo won independence.

Tshombe Tuesday ordered all able-bodied persons in Katanga mobilized to oppose any effort to put into effect in his province the new Security Council resolution authorizing the United Nations to use force if necessary to prevent civil war. Tshombe's Belgian-officered army continued an offensive against rebel Baluba tribesmen in north Katanga.

Tshombe also rejected the Security Council's demand that Belgian military and political advisers quit the Congo. Such an exodus would strip his administration and army of key men. Tshombe said the Belgians would stay even if the Brussels government ordered them home.

However, in Elisabethville, the Katanga capital, many Belgians indicated they would listen to orders from Brussels.

Informants said Secretary-General Dag Hammarskjold told his advisory committee on the Congo that he would ask Belgium to get Belgian military and political advisers out of the Congo in accordance with the resolution.

In Brussels Tuesday a spokesman for the Belgian Foreign Ministry said the Congolese authorities—non-Belgium—had called in the Belgian military and political advisers and the Brussels government could not intervene. The spokesman said it was up to the Congolese authorities, including Tshombe, to order the Belgians to leave.

Authoritative sources said the United States also had offered helicopters to the Sudan to detect trucks that might try to smuggle arms through Sudanese territory to the pro-Communist rebel regime of Antoine Gizenga in the northeastern Congo. The Sudanese reportedly replied they did not need the helicopters.

Cherry Pie Champ To Be Crowned

CHICAGO (AP) — The best cherry pie in America will be selected today.

Winners from the 50 states are competing in the 29th annual contest sponsored by the National Red Cherry Institute.

The national winner will be crowned 1961 National Cherry Pie Baking Champion.

The national champion receives a college scholarship, an electric range, and an educational trip to Washington D. C., and New York City.

While in the Capital, the champion traditionally presents the prize winning pie to the White House.

BPO Elks Lodge Takes 5 Members

Five new members were initiated into Circleville BPO Elks Lodge No. 77 last night.

Taking vows as members were Moses Block, George L. Brown, Jack Clark, Kirby Hufines and Cloyce W. Smith. The initiation ceremony followed a roast beef dinner.

Special honors were presented to four members. Awarded 35-year pins were James Carpenter, George Fissell, William Fissell and Harold O. Grant.

NLRB Poll Ordered

CINCINNATI (AP) — The National Labor Relations Board today ordered an election March 2 at the Chillicothe Paper Co., to determine the question of a collective bargaining representative.

200 To Get Jobs Back

CLEVELAND (AP) — Republic Steel Corp. is recalling 200 employees to its stainless steel finishing plants in Massillon.

TOOK A DIP—A six-grand Mercedes Benz rests grandly at bottom of the Phillips Motel pool in Clearwater, Fla., after careening off another car at an intersection. Said motelman Lloyd Phillips, "We've got the only car wash in Clearwater approved by Duncan Hines." This is the second time in three years that the pool has become a boulevard.

George Was a Genius

George Washington's part in the events that led up to the Revolutionary War did much to insure united action when the American colonies at last took the grave step of declaring themselves free and independent states.

His genius as a general and as a leader of men made an unparalleled contribution to victory in that struggle. Yet his true greatness as a patriot-statesman reached its flower only with the coming of peace. The political structure that had been strong enough for war, because the danger of defeat had held it together, was too weak for peacetime.

When commissioners from Virginia and Maryland met in the spring of 1785 to discuss the navigation of the Potomac, Washington was their host at Mt. Vernon. This

meeting produced the call for the Constitutional Convention. It was no accident that he was chosen to preside over its deliberations. Nor was the magnificent result an accident.

Washington's devotion to his country, his vision, his energy, his judgment, his integrity, his selflessness—all these gave him a commanding position among a generation of distinguished men.

Courtin' Main

The force that drives men out into the open spaces in the spring is house cleaning.

By Hal Boyle

Letters We'd Like To Receive

NEW YORK (AP)—Excerpts from letters we'd like to get—but never do.

"A reckoning of your last year's federal income tax return shows that, instead of you owing the government an additional \$34.12, the government owes you a \$218.67 refund."

"On the basis of your daughter's kindergarten aptitude test, and particularly the skill she showed in finger painting, we are extremely pleased to announce she has won a four-year tuition-free scholarship to the college of her choice."

"After thinking it over, my wife has decided it wouldn't be fair to sue you because your car struck hers while she was traveling the wrong way on a one-way street. She concedes it was entirely her fault, and if you will just send us the bill for your damages we will—"

"I had planned to leave my es-

tate in trust for Tabitha, the cat that has been my faithful companion for 15 years. But the poor dear passed away last week. So, since you are my only remaining nephew, I am changing my will to make you—"

"Our laboratory test of the glittering rock your young son picked up on his Boy Scout hike shows that it does contain gold. Based on this sample, we estimate the ore should assay out at about \$4,000 a ton, making it by far the richest strike we have ever—"

"Dad, don't bother about sending me any more money. After I threw those three touchdowns in the last game, the university raised my salary. I'm doing so well now that if you need any help in meeting the mortgage payments on the house, just let me know."

"The X-rays show the cause of your sore gums is that you are

growing a third set of teeth. They are coming in at a remarkable rate, and I predict that in another three months you should be able to discard both your upper and lower plates."

"Unable to reach you by phone last week, I took the liberty of putting you down for \$500 worth of shares in Amalgamated Button-hooks, Ltd. As you probably noted the stock has since tripled in value and will soon split."

"As your company doctor, I am glad to inform you that you passed your recent physical examination with flying colors. You are now at liberty to eat as much as you like, drink as much as you like, smoke as much as you like. However, I have informed the management you have been working too hard and should be given a long vacation at the firm's expense."

Reds Keep Eyes on Goal

By George Sokolsky

When Adlai Stevenson accused Soviet Russia of making war on the United Nations, he stated in precise terms what the Congo situation really amounts to.

It must have been a shock to Stevenson to discover that he, the darling of the Liberals, was not immune to insults, demonstrations, and abuse. He witnessed what a Soviet inspired attack can be.

Why the demonstration? Were these New York demonstrators, or those in Moscow or Belgrade or Warsaw Lumumba partisans?

Obviously, these were Communist activities, organized as a phase of the effort by Soviet Russia to destroy the United Nations, which, however weak it may be, has interrupted the Soviet conquest of the world for Marxism.

What Russia demands is the resignation of Dag Hammarskjöld, Secretary-General of the United Nations and the substitution of a three-man secretariat, one to represent the Western powers, one the Soviet powers, and one the "positive" neutrals. As the world is now organized, Soviet Russia could, on many issues, take over a two to one vote, take over the United Nations and destroy it. Patrie Lumumba may have

been a patriot or a shnook. The Russians regarded him as their man, one of the number of African leaders underwritten by them. He was killed in the course of revolutionary action. During revolutions men get killed. They also kill. It will be Soviet strategy to make a martyr of Lumumba, perhaps to be worshipped as a saint.

I witnessed this type of activity in China where everything was, sometime or other, tried. Whereas Dr. Sun Yat-sen was a patriot and he lived in a self-imposed exile in the French Concession. There he made a deal with Adolf Joffe, and Michael Borodin and General Bluecher—Galsens were sent to China to help Dr. Sun make another attempt at revolution.

On March 12, 1925, Dr. Sun died in Peking. Immediately the machinery was put into motion to transfix him into a deity. A mausoleum was built in Nanking on a high hill.

I have forgotten what the exact number of steps were to reach the top—I believe it was 108. As one climbed up, it felt like a million steps. Weary, out of breath, one reached the tomb, bowed three times before a photograph and returned to Earth ennobled. Anyone who refused to climb those ceremonial steps was a hated enemy of China.

As for several years, I visited Dr. Sun early every afternoon, I know that he would have deplored such hocus-pocus. But it was of enormous propagandistic value, just as it has been of considerable value to the Chinese Communists that his widow, Mrs. Sun Yat-sen, threw in her lot with them rather than with Chiang Kai-shek to whom her sister is married.

Thus are gods manufactured and it is quite possible that Lumumba

may have the same fate, but this does not bother the Russians, who while materialists and rejecting the eternal life, have Lenin and Stalin on display as ghosts, to be marched before by troops and others on May Day and other festivals. It is a kind of ancestor worship and does influence the minds and emotions of people.

President Kennedy is apparently surprised that the Russians, while making overtures to end the Cold War, are actually precipitating a Hot War in Africa. He said:

"I find it difficult to believe, that any government is really planning to take so dangerous and irresponsible a step."

The objective of Soviet Russia is to unite the entire world in the Marxist concept of life. Then there will be universal peace. To a Marxist, it is not absurd to take advantage of any opportunity that offers itself.

It has been Marxist strategy since the London Congress of the Russian Social Democratic Party in 1903. It was Marxist strategy in 1917 when Bolshevism took over Russia. It is Marxist strategy today.

There is some blind spot in the American psychology that makes us tend to forget the central objective of Marxism, which is the conversion of the entire human race, to the philosophy, the sociology, the political and economic systems of Karl Marx as interpreted by Lenin.

This is the motive force of Soviet imperialism. The Congo is an incident in this effort: the United Nations has become an impediment.

Union Labor Organizations Losing Appeal

MIAMI BEACH, Fla. (AP)—A report that organized labor is losing ground in making union members of American workers brought a self-appraisal in the AFL-CIO today that it could spell union labor's "obituary."

Organizing director John Livingston told AFL-CIO chiefs gathered here for a winter meeting their unions are staging a losing battle in wooing workers to the union cause.

Livingston reportedly told the AFL-CIO Executive Council at a closed session Monday that where all the nation's unions had enlisted 40 per cent of organizable workers in the work force five years ago the proportion is now down to 38 per cent.

Livingston also was said to have told his AFL-CIO colleagues that independent unions, meaning those unconnected with the federation like the Teamsters and Mine Workers Unions, are winning bigger groups of new members proportionately than the AFL-CIO's own unions.

Joseph A. Beirne, president of the AFL-CIO Communications Workers, was reported to have told his federation colleagues the waning proportion of unionized workers "means the obituary of organized labor" unless it is quickly reversed.

Half of Oslo, Norway's capital, is forest land—Factographs. A big town that's strictly bush?

LAFF-A-DAY

Try and Stop Me

By BENNETT CERF

A STALD OLD TOWN recoiled in horror at the proposal that a local radio station be opened just off the principal square. "I'm danged," thundered the town's leading citizen, "if this historic community is going to sell its birthright for a mess of wattage!"

When Shelly Berman opened at the Waldorf he looked serious indeed and muttered, "Tonight I'm like a girl who flirts with the butcher. I'm playing for big steaks."

Mike Connolly started off the new year by reporting, "I slept like a log last night. I must have, I woke up in the fireplace."

"George Jessel," confides George Burns, "showed me how to cut 20 strokes off my golf game. He taught me to cheat."

Building of Ohio Medical Units Needs only U.S. Nod

COLUMBUS, Ohio (AP)—Only federal approval is needed before government funds are forthcoming to help build local medical facilities in Ohio.

The U. S. Public Health Service must approve a schedule giving certain cities priority for \$7,253,302 in federal money to be distributed in Ohio.

The government will pay up to about one-third the cost of building a general hospital, psychiatric unit or other medical facility.

Some Ohio officials believe the priority schedule may be approved before the end of the month.

A public hearing on the priority

You're Telling Me!

By WILLIAM RITT
Central Press Writer

A Moscow news dispatch tells of plans to erect a 26-foot statue of Karl Marx founder of Communism. An uninteresting item—except for pigeons.

Deepest well ever dug by Texas oil drillers went to a depth of 25,340 feet, we read. Proved to be a dry hole—naturally.

The spotted skunk, we read, stands erect on its front paws when excited. Wonder who the brave scientist was who got close enough to discover that interesting fact?

Brazil's new president, Janio Quadros, shows up for work at 6:20 a. m.—news item. One chief of state, says Milt, the sterling printer, who won't be caught napping?

A Florida grandmother has won 30 trophies in eight years of stock car racing. That should put an end, once and for all, to all those old woman-driver jokes!

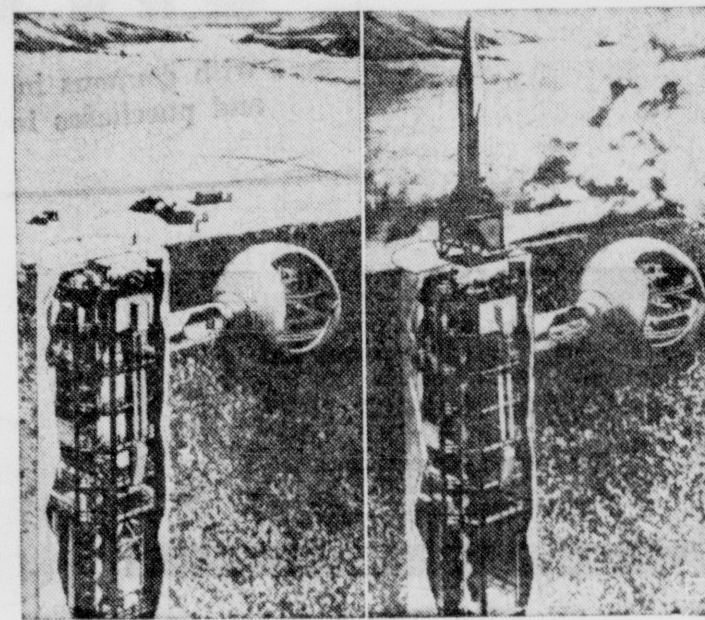

A noted New York handwriting analyst says George Washington's penmanship reveals he was something of a "dandy." He sure was—a dandy general a dandy president, etc.

Nature evens things up—when an apiarist removes the honey comb from the hive it's the bee that gets stung.

In motoring, warns a traffic expert, always keep a sharp eye on any fast approaching car driven by a teenager. Youth must be swerved!

170-FOOT PLOP — Giant cranes (upper) are at work in Roswell, N.M., repairing the damage after a 35-ton crane plunged into a hole where a work gang was building an Atlas ICBM launching silo. The crane fell 170 feet into the hole, and its gas tank exploded on impact, killing six men outright and injuring 14. The Atlas silo is illustrated here, with the missile raised for launching. The control center is in the underground circular "blockhouse." These are artist's sketches. There are 12 of these 52-foot-wide silos being built in the Roswell area, spaced several miles apart so they all can't be destroyed in one fell swoop.

The Business World

By Sam Dawson

NEW YORK (AP)—Some first stirrings of business recovery are statistical gloom.

Most of the figures tell how bad things are—or were when the soundings were taken.

But here and there are some dissenting voices. And here and

there are some more hopeful statistics.

Loudest of the optimistic voices are in the stock market. For some time now they have been forecasting a return to better times. Rising stock prices have gone counter to the statistics. Often they have done this near the end of a recession.

Today's strong market tends to ignore the widespread drop in corporate earnings. It believes at least it is looking beyond the long decline in industrial output that has boosted the unemployment totals and brought depression itself to some areas.

But purchasing agents of many big corporations are saying that cutbacks in business activity, if not over, are at least in sight in many cases.

Current steel production—if only for one week—has climbed higher than in any week since last June. This admittedly is no boom since mid February's output is still 45 per cent below a year ago.

Some steel executives are cautiously predicting gradual improvement in demand as the year proceeds. Most have been on the soothsaying sidelines since their year ago overoptimism tripped them up.

Several home-building experts are forecasting a modest pickup in demand and construction. F.W. Dodge Corp., housing data collector, looks for some improvement, if mainly in apartment housing.

Mortgage lending at savings and loan associations has shown year-to-year gains for three straight months. The United States Savings & Loan League says one reason is that savings

are running well over a year ago.

Much of the optimism in business circles as well as in the stock market is based on expectations of what Washington may do.

Lower mortgage interest rates are being pushed. Lower long-term interest rates in general are also the aim of the administration. And the Federal Reserve System apparently will lend a hand by entering the long-term U. S. securities market to keep yields moderate.

The administration also has taken some steps toward putting more spending money in some consumer pockets. It is urging Congress to take even bigger steps in that direction.

The auto makers as usual are building up optimism with spring only a month away. This doesn't hide the present large stocks in dealers' hands. But spring is supposed to help that. Meanwhile, steel men say, the auto makers are still holding back on ordering steel, just in case.

The recovery signs are thus faint at the moment. But those with an eye for them can find a few.

Miss Leah Pettit, Donald Ott Engagment Is Announced

MISS LEAH PETTIT

Mr. and Mrs. Arthur J. Pettit, 481 N. Pickaway St., today announce the engagement of their daughter, Leah, to Mr. Donald L. Ott, son of Mrs. Floyd Ott, Route 4.

Miss Pettit is a 1955 graduate of

Circleville High School. She is employed by Pickaway County Clerk of Courts.

Mr. Ott is a 1950 graduate of Circleville High School. He is employed by General Electric, Circleville.

No definite date has been set for the wedding.

Hedges Chapel Is Scene Of 21st Annual Silver Tea

Approximately 150 guests attended the 21st annual Silver Tea at Hedges Chapel Methodist Church Saturday afternoon.

"Springtime" was the theme of decorations arranged by Mrs. J. L. Frazier.

Guests were welcomed by Mrs. Judd Dresbach, president of the local WSCS.

Mrs. Harold Hall presented the following program:

The Metta Larks — Mrs. David Dill, Mrs. Boyd Fosnaugh, Mrs. Neil Barr and Mrs. Chester Peters sang "The Bells of St. Mary's", and "Were You There?"

A bassoon solo was given by Mrs. Jo Gaskala. She played "Premiere", accompanied by Mrs. Martin Cromley.

Mariam Ward presented a piano solo entitled "Rhapsody" by Brahms.

A monologue entitled "The Joys of Ill Health" was voiced by Mrs. Russell Hedges.

Mrs. Jay Hay presented "The Blue Danube" on the accordion. Mrs. Martin Cromley played "Ave Maria" and "Agnus Dei" on the organ.

A vocal duet was sung by Mrs.

Donald Collins and Mrs. Ralph Dunkel. They sang "How Beautiful Upon the Mountains" and "The Best Things in Life Are Free" accompanied by Mrs. Cromley.

Mrs. William Carter closed the program with prayer.

Mrs. David Dill and Mrs. Boyd Fosnaugh presided at the tea table.

The anniversary tea was under the direction of Florence Brown and Committee.

Sara Terhune Engagement Is Announced

Mr. and Mrs. Robert H. Terhune, Washington C. H., formerly of Circleville, are announcing the engagement of their daughter, Sara Ann, to Mr. Harold Bruce Glover, Birmingham, Ala., son of Mr. and Mrs. Harold F. Glover, Gainesville, Ga.

Miss Terhune is a graduate of Washington C. H. High School. She attended Wilmington College. At present she is a student at Brenau College, Gainesville, Ga., where she will be graduated in June.

The bride-elect is a member of the Delta Delta Delta sorority and has been elected to the May Court at Brenau.

Mr. Glover attended The Citadel, Charleston, S. C., for two years and Clemson University, Clemson, S. C. two years.

Following his graduation and military service at Fort Jackson, Columbia, S. C., he became associated with Burroughs - Wellcome Pharmaceuticals in Birmingham.

The bride's father, Mr. Terhune, is State Secretary of Agriculture. He was a former coach and principal at Circleville High School.

The wedding will be an event of early June.

Lucreatta McNeal To Wed W. B. McCormick

Mr. and Mrs. Roy E. McNeal, Amanda, are announcing the approaching marriage of their daughter, Lucreatta, to Mr. William B. McCormick, son of Mr. and Mrs. J. Don McCormick, Worthington.

Miss McNeal is a graduate of Circleville High School. She is employed by the Western Electric Company, Columbus.

Mr. McCormick is associated with WBNS-TV, Columbus, as a staff announcer.

The open church wedding will be at 2 p. m. Sunday, March 5 at the Church of the Brethren, Circleville.

Following the wedding the couple will make a home at 4680 Beacon Hill Road, Columbus.

Mrs. Martin Speaks at Guild 36 Meet

Mrs. Ferd Martin, Circleville, was guest speaker at Berger Hospital Guild No. 36 meeting last Wednesday night in the home of Mrs. Fred Goeglein, Route 3.

Mrs. Martin gave a talk and demonstration on how to piece and set up a quilt before the 13 members present.

Members voted to make a contribution to the Pickaway Council of Exceptional Children.

Games were played with prizes awarded to Mrs. Ronald List, Mrs. Russell McKee, Mrs. Goeglein and Mrs. Charles Thomas.

At the close of the evening refreshments were served by the hostess assisted by Mrs. Wes Edstrom Jr.

B&PW Schedule To Meet Tomorrow

Business and Professional Women's Club will hold its meeting at 8 p. m. tomorrow in the First Methodist Church Annex, Circleville.

Calendar

WEDNESDAY
BERGER HOSPITAL GUILD NO. 37 at 8:30 p. m. at bus station.
PAST CHIEFS CLUB OF PYTHIAN SISTERS at 7:30 p. m. home of Mrs. Irvin Reid, 827 Pershing Drive.

PLEASANT VIEW AID AT 2 p. m. home of Mrs. Earl Heffner 352 E. Franklin St.

THURSDAY
LOGAN ELM GARDEN CLUB AT 1:30 p. m. home of Mrs. Donald Miller, Route 1.

BUSINESS AND PROFESSIONAL WOMEN'S CLUB at 8 p. m. in First Methodist Church Annex, Circleville.

MARTY - MARTHA CIRCLE of First English Lutheran Church, Ashville, at 1:30 p. m. at the church.

GOP BOOSTER CLUB, DINNER meet at 7:30 p. m. home of Mrs. Howard Clark, 221 Walnut St.

BERGER HOSPITAL GUILD NO. 23 at 8 p. m. home of Mrs. Kirk Cupp, 580 Ridgewood Drive.

SUNDAY
TRINITY LUTHERAN COUPLES Club at 6:30 p. m. in parish house.

EASTERN STAR OFFICERS, practice, at 2 p. m. at Masonic Temple.

MONDAY
THE CIRCLEVILLE DEMOLAY Mothers Club dinner - meet at 6 p. m. in Masonic Temple.

PICKAWAY COUNTY WOMEN'S Republican Club, luncheon meet at 12:30 p. m. at First Methodist Church, Circleville.

Five Points WCTU Hosts Tea; Commends Students

Five Points WCTU members were hosts at a Frances Willard Tea Friday afternoon at the Monroe Twp. School Auditorium.

Mrs. Francis Furniss, president, welcomed the high school students, teachers and guests.

Mrs. Furniss opened the meeting with devotions entitled "Belief in the Church That Serves".

Mrs. Herman Porter presented highlights of the life of Frances Willard.

Essays on temperance, which were written by the high school students were read and judged.

Robert Lee was the first prize winner with his essay entitled "Alcohol". Gladys Puckett was second with "Alcohol—An Enemy to Health and Success"; Mickey Hunt was third with "Alcohol and Adulterating"; and fourth place went to Ronald Adams with his talk on "Tobacco".

Also recognition was made to students who made outstanding posters concerning temperance.

First place in the poster division was awarded to Sam Johnson;

2nd and 3rd went to the freshmen class; and 4th place — Mary Weimer.

Mrs. Arthur Winfooth, director of visual education, assisted by Mrs. Austin Gates, teacher, were responsible for the essays and posters.

Mrs. John Brown, Derby, was guest speaker for the afternoon. Her talk, also concerned "Temperance and Right Living".

Miss Mary L. Harpster, Kingston, president of the county WCTU, commended members on their fine job of working with youth of the community.

The tea table was centered with an arrangement of flowers with white candles on either side. Miss Harpster, and Mrs. Florence Hughen, Commercial Point, past-president of the county WCTU, presided at the tea and coffee table.

Dainty refreshments were served to high school students, teachers and guests from Kingston, Commercial Point and Mt. Sterling.

Readings Given at DUV Past Presidents Meeting

Miss Nellie Palm and Mrs. Irene Jenkins, 152 E. High St., entertained members of the Past Presidents Club of Daughters of Union Veterans of the Civil War, 1861-1865, in their home last night.

Mrs. C. O. Kerns conducted the

meeting which opened with the group repeating the Pledge of Allegiance and the American Creed.

Mrs. Kerns read "Keep the Shadows Behind".

Members voted to hold their monthly meetings the third Tuesday of each month. Mrs. Earl Smith was initiated into the club.

The program was in charge of Mrs. Richard Moon. She read "Lincoln Pardons a Sleeping Sentinel".

"Monumental Error", concerning Washington's monument, was presented by Mrs. Smith.

Mrs. B. M. Wignel read a poem entitled "Diary Entry February 14th"; Mrs. Kerns — "Plea on Valentine's Day"; Mrs. Jenkins — "Almost Immovable Force, Irresistible Object"; and Mrs. Frank Webbe read "Gift Card".

Following the meeting members enjoyed a campfire session after which a luncheon was served by the hostesses.

The next meeting, March 21 will be held in the home of Mrs. Kerns, 910 Atwater Ave.

Lions Auxiliary Honors Husbands

Lions Auxiliary members entertained their husbands with a covered-dish-dinner Sunday evening in the home of Mr. and Mrs. Robert Dick, 341 E. Franklin St.

Following the dinner couples spent the evening playing bridge.

The next meeting is set for March 20, in the home of Mr. and Mrs. Sam Dennis, 464 E. Main St.

Logan Elm Gardeners Meet Tomorrow

Mrs. M. E. Noggle will be guest speaker at the Logan Elm Garden Club meeting at 1:30 p. m. tomorrow in the home of Mrs. Donald Miller, Route 1. She will speak on "Rose Culture".

DeMolay Mothers Plan Dinner-Meet

Circleville DeMolay Mothers Club will hold a covered-dish-dinner and meeting starting at 6 p. m. Monday in the Masonic Temple. Members' families will be guests for the evening.

Medical Mirror WHAT DOCTORS SAY ABOUT:

Baby Feeding

- Hernia
- Grapefruit
- Flavored Aspirin
- Dreaming Necessary

Q. Should babies be fed on schedule or "on demand?"

A. Many doctors believe in "on demand" feeding. This means that the child be fed whenever he is hungry. It doesn't imply that the baby be made to go through a protracted period of crying in order to have his hunger satisfied.

Q. Will exercise strengthen the stomach muscles and make a hernia go away?

A. No. The weak point between the abdomen and thigh consists of overlapping layers of fibrous tissue—not muscle—and fibrous tissue doesn't respond to exercise as does muscle. Anyone with a hernia who engages in strenuous exercise is inviting trouble. With certain exceptions, hernias should be corrected surgically.

Q. Which has more food value—white or pink grapefruit?

A. Pink grapefruit is said to be nutritionally superior to white varieties.

Questions submitted by readers are appreciated and answers to those of general interest will be incorporated in these columns when possible.

Dear Abby...

By Abigail VanBuren

He's Ready To Fly the Coop!

DEAR ABBY: Twenty years ago I went to live with a man as his wife without marrying him. We had three children. When our youngest reached his 18th birthday (last week) this man told me he was selling our home and everything in it, as he plans to take off and find himself a "wife" and live a little.

I asked him when he was giving me my half of the money. He said, "Since when does a man give his housekeeper half his money?" As his common-law wife, am I not entitled to half his money? I haven't a dime to call my own and have never worked outside my home. What are my rights? I don't want to go to a lawyer as I have my pride.

COMMON-LAW WIFE

DEAR ABBY: Forget your pride and go to a lawyer. He can tell you what your "rights" are. And I hope this serves as a warning to women who are contemplating an arrangement like the one you entered into 20 years ago. "Free love" is the most expensive kind.

DEAR ABBY: How does this grab you? Whenever I get on the telephone, my mother sets the timer on the stove. If I'm not off the phone when the timer goes off, she does something. Like the next time that person calls, I can't talk to them. I find it rather embarrassing to say, "Well, the timer just went off so I have to hang up now." Do you think this is fair? If I tell my age you'll side with my mother, so I'll just sign myself...

TIMED
DEAR ABBY: Not only is your age important, but for HOW LONG is the timer set?

Eastern Star Officers Plan Practice Meet

Eastern Star Officers will hold a practice session at 2 p. m. Sunday at the Masonic Temple.

Teenage Panel Highlights Study Club

A teenage panel discussion highlighted the Child Study Club meeting Monday night at the First Methodist Church, Circleville.

The panel was Phil Wing, Pat Schroeder, Sandy Smith and Steve Yost, Circleville High School students. Richard B. Fisher, CHS teacher, was moderator.

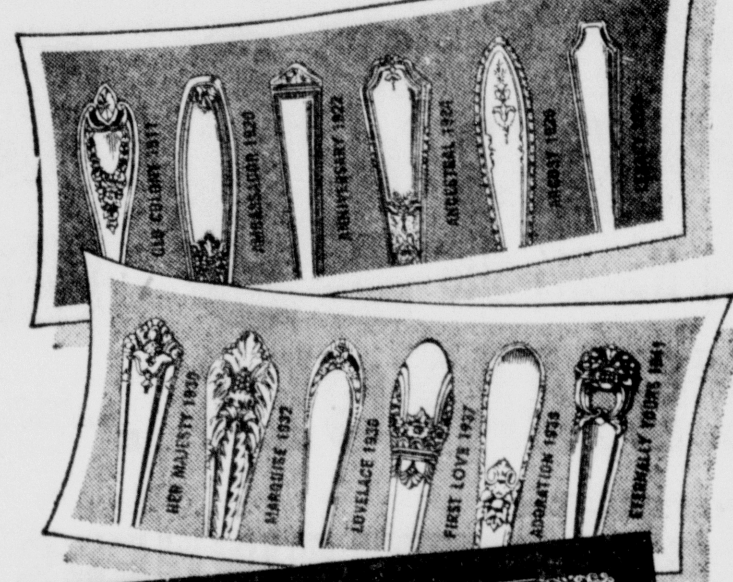

Topic of the discussion was "Teenage Problems". A discussion period followed.

Hostesses for Monday's meeting were Mrs. Roma Troutman, Mrs. Mary Jane Funk, Mrs. Mary Ellen Myers and Mrs. Martha Russell.

A Washington's Birthday theme was used for decorations and refreshments prepared by the hostesses.

It was announced that the next meeting would be held March 20, in the home of Mrs. Ralph Amey, Knollwood Village.

Nixon Future In Politics Up in Air

WASHINGTON (AP) — Former Vice President Richard M. Nixon is about to take off for California with his future political plans still up in the air.

The defeated Republican presidential nominee, delayed in Washington by the airlines strike, hopes to make final arrangements on the West Coast to announce early in March a connection with a Los Angeles firm for the private practice of law.

Despite some published reports that he may be thinking about running for governor in California, Nixon has told friends here he has come to no decision about his political future.

Nixon knows he has some fence patching to do in California before he could strike out elsewhere.

In addition, Nixon seems to have encountered in Washington a certain lack of enthusiasm among congressional Republicans for his plan to campaign for them in 1962.

The political atmosphere can change rapidly. But as of now the prospects don't look bright for the kind of invitations from candidates Nixon would have to have before he invaded their states or congressional districts.

Those well acquainted with the former vice president know he doesn't give up easily. Most of them think he means to try for the presidency again and will do everything in his power to keep friendly links with Republicans likely to be heard from again.

How Weather Looks Today

COLUMBUS, Ohio (AP)—Here is the official Weather Bureau summary of Ohio's outlook:

A low pressure area which had been over the lower Mississippi River valley Tuesday moved to Missouri during the night. Light rain and drizzle covered the southern half of Ohio by daylight but it remained fair over the northern half.

Temperatures were considerably lower in the north with Cleveland reporting 32 and Youngstown 30. To the south temperatures were mostly in the middle 40s.

Cloudiness, rain and drizzle will move northward covering the state by evening. Mild weather will continue over Ohio with temperatures remaining mostly in the mid 40 to mid 50 range tonight and Thursday.

OHIO FIVE-DAY FORECAST
Temperatures will average about 10 degrees above normal. Normal high 39 north to 44 south. Normal low 23 north to 27 south. Little daily change in temperature. Precipitation will average one-quarter to one-half inch of rain Thursday and again Sunday or Monday.

5 Men Are Held For Theft Probe

DAYTON, Ohio (AP) — Dayton police held five men—three from Kentucky—for investigation Tuesday following a service station burglary and finding of some burglary tools and \$500 in wrapped coins and currency in an automobile.

The Kentucky men held without charge pending further investigation were listed by police as Donald Edward Pitts, 21, John Henry Whitt, 23, and Robert Eugene Young, 21, all of Lexington, Ky.

Two Dayton men were taken into custody for questioning after arrest of the Kentucky men. Police said they thought the wrapped coins in the car might have originated in Anderson, Ind., since the wrappers bore the name of that city.

The Circleville Herald, Wed. February 22, 1961
Circleville, Ohio

Views on Television - Radio

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP)—Late February and early March is the time when the buyers of entertainment go into the television market place, selecting the new and old programs for next year's schedules.

The death rate of TV series is expected to be unusually high this spring, but some faltering series are indicating that they won't give up without a struggle.

One is "The Aquanauts." CBS has given the program a new title, a new co-star, a new producer and a new concept, whatever that is. In fact, just about the only things left in "Malibu Run" (tonight's new title) are co-star Jeremy Slate, who started out as the second lead, and an occasional skin-diving adventure.

The series henceforth will concern the adventures of the two owners of an aquatic sports shop instead of two foot-loose and professional scuba divers. It is devoutly hoped by all concerned that drying off the show will attract bigger audiences and provide a new lease on life.

An even more drastic renovation is being made on the show that started out the season as "Klondike" on NBC, with Ralph Taeger playing the hero and James Coburn, the villain.

When it returns next Monday night at the usual time, it will be called "Acapulco." The setting will be switched from the frozen north of another generation to the semitropics of today, and villain Coburn will be playing the buddy of hero Taeger.

Nanette Fabray, whose situation comedy series on NBC was a late starter which was not too enthusiastically received, is fighting in another way for the program's survival. Nanette per-

sonally telephoned television writers all over the country recently, asking them, please, to take another look at the show and see if they didn't think it had improved considerably.

CBS' religious program, "Lamp Unto My Feet," next Sunday will be a tribute to the late Dr. Thomas A. Dooley, the young founder of Medico who died recently of cancer.

Recommended tonight: Perry Como Show, NBC, 9-10 (EST)—"Boy Meets Girl," first of three original musical comedy shows, with Anne Bancroft and Jimmy Durante; Steel House, CBS, 10-11 (EST)—"The Two Worlds of Charlie Gordon," with Cliff Robertson and Mona Freeman.

U.N. COMMISSIONER—Named by President Kennedy: Mrs. Marietta P. Tree, 43, New York City's Democratic national committeewoman, is the new America representative on the United Nations Human Rights Commission.

Toledo Industrialist Files Lawsuit against Seiberling

WILMINGTON, De. (AP)—Edward Lamb, Toledo, Ohio, Industrialist, has filed a civil suit against 41 Seiberling Rubber Co. stockholders, an Ohio bank and a New York securities firm charging conflict of interest.

Lamb, a Seiberling stockholder, asked Monday in Delaware's Court of Chancery, that the 11 directors, the First National Bank of Akron and Eastman, Dillion, Union Securities Co. "be required to account for their profits, gains, and gratuities received by them and for the losses, damages sustained by Seiberling Rubber Co." in failing to act in the best interest of the rubber firm and its stockholders."

The complaint names specifically three Seiberling brothers, J. Penfield, president and chairman of the board; Lucius M., vice president in charge of sales and vice chairman of the board, and Willard P., retired secretary. All are directors.

The suit alleges: "Certain of the directors of Seiberling (four were excluded from the complaint) with the knowledge and acquiescence of the three Seiberlings have made it

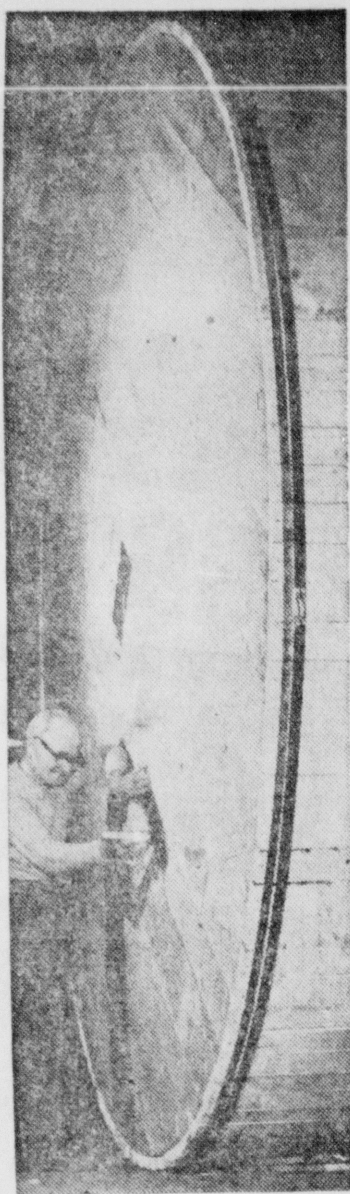

impossible for themselves to discharge honestly and faithfully the fiduciary obligations which they have to Seiberling by reason of a conflict of interest."

It asserts that Paul A. Frank, a Seiberling director who also is president of National Rubber Machinery Co., sold over \$400,000 worth of truck tire building machines and repair parts last year.

"This transaction," says the complaint, "was entered into without the procurement by Seiberling of competitive bids... (and) was in excess of the cost of the same or superior machines which could be obtained by Seiberling on the free and open market."

Spokesman for Seiberling said at the company's headquarters in Akron, Ohio, that "until we have had an opportunity to read the actual charges, our only comment is this:

"Obviously this is just one more of a long series of attacks by Mr. Lamb which are part of his attempts to seize control of Seiberling Rubber Co. When we receive a complaint and have had an opportunity to study it, we will correct its misstatements. The charges will be met in court and properly refuted."

BIG HAUL—A workman puts finishing touches on a strange looking "package" at the Goodyear plant in Akron, O.—a conveyor belt nearly half a mile long and in one piece. The 2,500-foot-long, 42-inches-wide belt will carry coal from mine to an electric utility near Coshocton, O. (Central Press)

Japanese Movie Makers Go All Out for Shockers

TOKYO (AP) — The Japanese, ever clever in seeking world markets, are going all-out in shock films.

Production will start next month on the science-fiction horror epic to end all such films, if that is possible. The project will be the costliest movie ever made in Japan — \$700,000 worth. That may be a small cup of sake by Hollywood standards, but it is 10 times what the average Japanese feature costs.

The name of the film is "Dai Kai Ju," which literally means "Great, Strange Animal" and no doubt will get a jazzier title for American consumption. I took an hour's taxi ride to Toho Studios to see how great and strange the animal can be.

Strange, yes; great, no. It will appear immense on the movie screen, but the animal is actually a few feet high. The illusion is accomplished by a film wizard named Eiji Tsuburaya. He is Japan's master of special effects.

Tsuburaya is a quiet, unassuming man who wears glasses and slouch hat. He started in Japanese films 40 years ago, first as scenario writer and later as cameraman and director.

"The change in my life came when I saw 'King Kong,'" he said. "That inspired me. At that

time, Japanese trick photography was very backward. I started working in that field and by 1937 I began to accomplish some of the things I wanted to do."

The flowering of special effects came after the war. Tsuburaya put Japan into the horror market with the successful "Godzilla." In "Three Treasures," he managed to create a serpent with eight heads.

"Dai Kai Ju" is the ultimate in shockers. It features a three-stage monster, a rampaging fugitive from an atomic-test island. The creature rips through Tokyo while passing through larva, caterpillar and moth stages. During his tour, he'll tear apart the Diet building and topple Tokyo Tower, highest tower in the world.

Such marvels are in the hands of Tsuburaya, and he demonstrated how he will accomplish them. Visitors are sworn to secrecy, lest Toho's competitors steal the design for their own horror epics.

But he said with a sign: "American trick techniques are still the best in the world. Ah, that 'King Kong'!"

The White House has 150 rooms, including a solarium, barbershop, doctor's and dentist's offices, a movie theater, swimming pool, and a bomb shelter.

The World Today

WASHINGTON (AP) — In the midst of honoring George Washington today, and wishing everyone could be like him, it might be well to remember that man's doubts about man were just as real in his time as they are now.

If today there is chaos in Laos, massacre in the Congo, and a riot in the United Nations, this country was in such a developing mess 174 years ago Washington thought America faced anarchy unless it found some way to control itself.

The Constitution which the Founding Fathers manufactured in convention in Philadelphia in 1787 is a monument to man's misgivings about man's good judgment and intentions.

Even at the beginning of the Philadelphia meeting Washington, presiding over it, saw the big states try to work in a gimmick that would let them dominate the smaller states.

There was struggle over that at the very moment those early Americans were trying to find a way to avoid struggle. In the end this, like so much that went into the document, was finally solved in compromise.

The result was an arrangement which did not base its hope for the future on man's wisdom, generosity, unselfishness or noble purpose. It just assumed men would be trying to inch in on one another for untold generations.

So it laid down rules which

spelled out what the three branches of government and individuals could and couldn't do and how far they could go and couldn't. But even the Founding Fathers themselves were fallible.

At the very moment those apostles of freedom were mortaring together the bricks of liberty within the Constitution they agreed to let slaves be imported for another 20 years.

Washington, after two terms as president, surely had no illusions about mankind. His Farewell Address is a catalogue of warnings on how the nation and its citizens should conduct themselves.

James Madison had no illusions, either, about man's endless struggle with man. He used the word faction to describe it.

"By a faction, I understand a number of citizens, whether amounting to a majority or minority of the whole, who are united and actuated by some common impulse of passion, or of interest, adverse to the rights of other citizens, or to the permanent and aggregate interests of the community," Madison said.

"There are two methods of curing the mischiefs of factions: the one, by removing its causes; the other, by controlling its efforts."

The Constitution was meant to be the controller. It isn't any more perfect than man, but it has worked, because it is based on a realistic view of the nature of man, extremely well.

But we still have factions, more

By James Marlow

numerous and powerful than in Washington's time, at home and abroad. It's because of factional disputes, on a world scale now, that this country is in its present deadly struggle.

Ten thousand years from now, when the world may look a little different, if it's still here, the present contest, between democratic capitalism and communism compared with the struggle going on then, may seem very small, a little factional difference of opinion.

By that time the earth we live on may be in intense interplanetary dispute with other men, or maybe monsters, on other worlds.

Even the short time lapse between Washington's day and ours shows how near-sighted even the wisest of us can be because at times we tend to see no further than the contemporary problems which beset us.

Washington guessed completely wrong on mankind's devilish potential for wiping himself out of existence.

In his Farewell Address he advised isolationism for America. He seemed to think this country could survive very nicely by itself, no matter what happened to the rest of the world.

That was before mankind thought up intercontinental missiles.

It's a good idea to slice potatoes extremely thin when you are using them in the scalloped dish.

Cleveland Hikes Pay for Teachers

CLEVELAND (AP)—The Cleveland Board of Education, seeking to attract new teachers, has boosted starting pay \$600 a year.

The new minimum for teachers with no experience, and holding bachelors' degrees, will be \$5,000. The minimum for teachers with masters' degrees was raised from \$4,600 to \$5,200.

Jaycees Board Meets

The Circleville Junior Chamber of Commerce Board of Directors will conduct a meeting starting at 8 p. m. tomorrow at the club rooms, 119½ S. Court St., President Laurence Priest announced today.

Ohio State University Forget Own Birthday?

COLUMBUS, Ohio (AP) — If you're not so good at remembering birthdays, don't despair. Ohio's largest state university has been a little consistent in that department, too, a professor says.

Dr. James Pollard, Ohio State University faculty member and author of a book on the school's history, thinks maybe OSU should celebrate its 91st birthday March 22 instead of its 88th birthday in September.

The journalism professor notes that Ohio State marked its 75th birthday in 1948 on the basis that the first students came in September 1873. However, Pollard says, the institution—originally known as the Ohio Agricultural and mechanical College—opened March 22, 1870, through act of the Ohio General Assembly.

Japanese Movie Makers Go All Out for Shockers

TOKYO (AP) — The Japanese, ever clever in seeking world markets, are going all-out in shock films.

Production will start next month on the science-fiction horror epic to end all such films, if that is possible. The project will be the costliest movie ever made in Japan — \$700,000 worth. That may be a small cup of sake by Hollywood standards, but it is 10 times what the average Japanese feature costs.

The name of the film is "Dai Kai Ju," which literally means "Great, Strange Animal" and no doubt will get a jazzier title for American consumption. I took an hour's taxi ride to Toho Studios to see how great and strange the animal can be.

Strange, yes; great, no. It will appear immense on the movie screen, but the animal is actually a few feet high. The illusion is accomplished by a film wizard named Eiji Tsuburaya. He is Japan's master of special effects.

Tsuburaya is a quiet, unassuming man who wears glasses and slouch hat. He started in Japanese films 40 years ago, first as scenario writer and later as cameraman and director.

"The change in my life came when I saw 'King Kong,'" he said. "That inspired me. At that

time, Japanese trick photography was very backward. I started working in that field and by 1937 I began to accomplish some of the things I wanted to do."

The flowering of special effects came after the war. Tsuburaya put Japan into the horror market with the successful "Godzilla." In "Three Treasures," he managed to create a serpent with eight heads.

"Dai Kai Ju" is the ultimate in shockers. It features a three-stage monster, a rampaging fugitive from an atomic-test island. The creature rips through Tokyo while passing through larva, caterpillar and moth stages. During his tour, he'll tear apart the Diet building and topple Tokyo Tower, highest tower in the world.

Such marvels are in the hands of Tsuburaya, and he demonstrated how he will accomplish them. Visitors are sworn to secrecy, lest Toho's competitors steal the design for their own horror epics.

But he said with a sign: "American trick techniques are still the best in the world. Ah, that 'King Kong'!"

The White House has 150 rooms, including a solarium, barbershop, doctor's and dentist's offices, a movie theater, swimming pool, and a bomb shelter.

K of P Slates District Meet

A District Deputy meeting will be a special event at Monday night's regular session of Philos Lodge No. 64, Knights of Pythias.

Deputies from Pickaway, Madison and Franklin Counties will gather here. Frank Woodward Jr., 143 Town St., is the Philos Lodge Deputy.

The other Pickaway County K of P unit is Palmetto Lodge No. 513 of Ashville. Frank Hudson is the deputy.

Two Philos candidates, Russell Adams and Glen Justice, received Esquire rank during ceremonies here Monday night.

According to Allen Ankrom, local chancellor commander, Adams and Justice will participate in Knight rank ceremonies March 6. This final initiation was delayed due to the coming deputy meeting.

Ohio House Eyes Idle Pay Measure

(Continued from Page 1)
He also liked the Republican decision to open up extended benefits to those who have exhausted since last Nov. 1. The original bill gave eligibility only to those who have exhausted since Dec. 1. Both these changes are scheduled to be made on the House floor today before the final vote on the bill.

Are the changes enough to impel Disalle to sign the bill. Who knows?
The broad Democratic reaction to the GOP extender will not be known until this afternoon. The party's House members plan to caucus soon after the session starts to talk the matter over.

Labor, in a letter signed by Elmer F. Cope, Ohio AFL-CIO secretary-treasurer, told all members of the General Assembly. "We respectfully urge you to pass a straight 13-week extension of the unemployment compensation period on an emergency basis and leave the other matters concerning permanent changes in the law for later and more careful consideration."

The unemployment extender controversy has overshadowed almost all other matters pending before the 104th General Assembly.

The bill introduction rat race goes on—and probably will continue for at least another three weeks. As of the close of business Tuesday, the count in both houses stood at 823, scarcely more than half the record 1,607 introduced in the 1959 session. But it is not unusual for as many as 200 to 300 bills to be introduced each day just before the deadline.

The Senate has not yet decided. Mechem told newsmen, whether it will observe a deadline this session. In years past, it didn't, but beginning with the 1955 session it started to lower the boom on new bills the same date as the House. Mechem wondered aloud whether the deadline doesn't result in a lot of "cats and dog" bills.

Jerseyite Named As Head of Bar

CHICAGO (AP)—Sylvester C. Smith Jr. of Newark, N.J., was selected today as the next head of the American Bar Association. Smith, general counsel for the Prudential Insurance Co. of America, was nominated president-elect of the organization of 93,000 lawyers. Nomination is equivalent to election but his choice will have to await formal ratification at the election at the annual meeting of the ABA in August in St. Louis, Mo.

He will start his one-year term as president in 1962 after a year as president-elect.

Band Leader's Hearing Is Delayed by Judge

MIDDLETOWN, Ohio (AP)—Ray Creech, 32, Franklin band leader accused of embezzling \$2,360 from a union local, won a continuance to Monday in municipal court Tuesday. Judge John Lamb released Creech on \$2,500 bond. Jack Mokry, president of Local 321 of the American Federation of Musicians, signed the charge against Creech who was the local secretary-treasurer.

which aren't even properly drafted.

One of the measures which went into the legislative hopper Tuesday was an administration bill to deal with juvenile delinquency. It would create a Juvenile Services Commission, within the Department of Mental Hygiene and Correction, based on a study by the Legislative Service Commission.

The bill is patterned after so-called Model Youth laws of other states. It provides that juvenile courts would commit delinquents to the commission made up of three members. Two members would receive \$12,500 each and the chairman \$14,000. The commission would have authority over delinquent boys between 10 and 17 and girls from 12 to 17.

The commission would prescribe education and training and would have control of the Juvenile Diagnostic Center, the industrial schools and the Bureau of Juvenile Probation Development.

The House passed and sent to the Senate bills to subject processors to the grain handling tax as decreed two years ago, and to permit strip miners to use certificates of deposit in banks and building and loan associations as bond to guarantee land restoration. The Senate passed two minor measures and sent them to the House.

Sen. Donald C. Steiner, R-Stark, offered a measure to provide safeguards in adoption cases handled through welfare agencies. Surrender of children to the custody of such agencies would require the signing of agreements in the presence of a probate judge or his clerk, who would inform parents that the acts are irrevocable. Agreements now can be signed anywhere without explanation to parents of their far-reaching effects.

Rep. G. D. Tablack, D-Mahoning, proposed a change in the law which would permit sheriffs to use unmarked cars and plain clothes while on duty.

Other new measures would: Provide for lifetime driver and chauffeur licenses costing \$10. Require bonds for persons and firms issuing trading stamps equal to the value of the stamps.

Require the listing of burley tobacco crops as personal property annually on Jan. 31, instead of Jan. 1.

Provide local health board control over municipal or county air pollution committees or commissions.

Create a municipal court in Mason, Warren County.

Allow mayors to reduce appropriation items as well as veto them.

The Senate received a resolution asking the Legislative Service Commission to study the feasibility of establishing a state police academy to provide technical training for enforcement officers.

The House Judiciary Committee directed a sub-committee to combine bills calling for annual highway patrol inspection of all school buses carrying eight or more pupils.

Patrol officials told a committee hearing that 20 per cent of school buses carry more than 119,000 pupils without inspections. The proposal would apply to private and parochial school buses as well as three-seat station wagons.

Tribunal Voids Truck Decision

No Anti-Trust Law Violation Is Seen

WASHINGTON (AP)—A public utility campaign aimed at influencing government action "falls clearly in the category of political activity" and is not a violation of federal anti-trust laws, the U. S. Supreme Court says.

The case with which the unanimous decision is concerned involves an assertion by a group of engaged in a campaign of harassment and vilification against the trucking industry.

But Justice Hugo L. Black said all evidence in the case deals with the railroads' effort to influence passage and enforcement of laws. The court concluded that "no attempt to interfere with business relationships in a manner prescribed by the Sherman Act is involved."

Monday's decision tosses out an award of \$852,075 won in U. S. District Court in Philadelphia by the Pennsylvania Motor Truck Association in an anti-trust suit against 24 eastern railroads and Carl Byoir Associates, Inc., a New York public relations firm.

Donald Stull, now assistant director of Ohio's Department of Industrial and Economic Development, was an agent for the Byoir organization in the early 1950s when the suit charged the campaign took place.

Stull took part in a program to raise taxes on trucking operations and influence public opinion in regard to the trucking industry, the truckers asserted. The names of Frank J. Lausche, then governor and now U. S. senator, and Theodore J. Kauer, then state highway director and now state public works director, were among the officials mentioned in connection with the campaign.

Native Habitat

MIAMI, Fla. (AP)—A tourist wishing to see Seminole Indians in their natural environment drove to a village in Tamiami Trail.

He saw no Indians but heard laughter coming from one of the thatched huts. Peering inside he found a group of Seminoles watching television.

7 Ohio Amish Families Hope To Find Happiness in Canada

CANTON, Ohio (AP)—Seven Amish families near here have purchased farms and are preparing to move to Canada because of high-priced land and conflict with state school laws, social security and draft requirements.

Rudy S. Yoder, of Navarre, an Amish member of the same church the families now attend, said Monday the families are awaiting confirmation on immigration papers from Canadian authorities. He said they will leave late next month, or early in the summer.

Yoder said the families would join an Amish settlement of 19 families at Owen Sound, an Ontario community about 300 miles north of here.

"The families are going primarily because land is getting scarce and prices for it are high here," he said. "But, the school conflict and problems with social security and military training also enter into it."

The Amish, a quaint, religious people who live the simple life without many of the conveniences modern Americans rely on, contend their children should not attend school beyond the eighth grade. To do so, they feel, would make the children worldly and corrupt their life.

But Ohio has a compulsory education law for pupils up to 16 years of age.

"There are no high schools in Canada, except in large cities," Yoder said. "And a child can get out of school there at the age of 14 if he has good school grades."

Yoder said the Amish children will be able to attend old-fashioned, one-room schools. The Amish will not have to build schools of their own. He continued: "Our church disagrees with the Social Security plan, because we have always taught our children to take care of the older people . . . We also are opposed to universal military training in peacetime. During wartime we did government work in hospitals and in conservation, but we can't approve of this in peacetime."

Yoder said some members of the church had been sent to jail for refusing to accept work as conscientious objectors in hospitals in lieu of military service.

Yoder said those families moving are not doing so because of a conflict within the Amish church. "We have discussed this and some want to get their children back to the old traditions, and away from modernization," he said.

Kenyon Gets Grant For Biology Study

GAMBIER, Ohio (AP)—The Biology Department of Kenyon College has received a \$6,440 grant from the National Science Foundation to assist it in an undergraduates research participation program in this branch of sciences.

Objective of the program is to determine the extent to which research experience for superior undergraduate students under the direction of college faculty members can contribute to science education.

Schools, Government Aides Observe Holiday

COLUMBUS, Ohio (AP)—Public and parochial schools and state and federal offices with the exception of the Claims Department of the Ohio Employment Service remained close today, Washington's birthday, but banks and retail and other business establishments operated as usual.

5 Persons Hurt In Air Mishaps

COLUMBUS, Ohio (AP)—Seven aircraft accidents injured five persons in Ohio during January, the highway patrol reported today. No one was killed.

The patrol is responsible for investigating any airplane accidents in the state which occur outside government reservations. Cpl. J. E. Haines said five of the accidents were landing mishaps, one was a taxiing collision and the other involved a helicopter tail rotor that hit the ground.

Superintendent Upheld In Pupil Expulsions

WARREN, Ohio (AP)—The Board of Education, at nearby Niles Tuesday upheld the decision of Superintendent Marcus McEvoy expelling three pupils involved in a telephone bomb threat to the school Jan. 16. A fourth pupil was permitted to return to school.

Soviet Jump Star Proves To Be Modest

NEW YORK (AP) — Valery Brumel, the Soviet Union's star high jumper, is as straight-backed as a West Point cadet, handsome as a TV idol, extremely modest—and human.

"I was nervous—very nervous," Brumel acknowledged in reviewing his return duel last Friday night at Madison Square Garden with America's John Thomas. "But I was more nervous in the Olympics."

The 18-year-old Moscow college student cleared 7 feet, 3 inches in the New York Athletic Club meet, winning his first competition on boards. Thomas, beaten by both Robert Shavlakadze and Brumel in the Rome Olympics, flunked out at 7-2.

Thomas said he was bothered by photographers' flashlight bulbs. Brumel told intimates he saw only the bar. He appeared as cool as an ice cube.

The clean-cut Soviet athlete said his aim is to beat the 7-4½ leap he made recently in Leningrad. "I worked hard and now maybe I better my own result," he added.

He gets two more chances before returning home—in the National AAU indoor championships Saturday and the Knights of Columbus Games the week after.

4 of 6 NBA Playoff Teams Determined

By THE ASSOCIATED PRESS
Four of the National Basketball Association's six playoff teams already have been determined and the big question for the waning weeks of the season seems to be who'll get the last two spots in the Western Division.

The Syracuse Nationals and Philadelphia Warriors, still struggling over second place in the East, did a double job of eliminating the hapless New York Knicks-embrokers from convention Tuesday night. The Nats clinched the third and last playoff spot by conquering the Detroit Pistons 123-118 in the opener of a New York doubleheader. Then the Warriors added "positively" by downing the Knicks 114-112 in the second game.

The St. Louis Hawks, who backed into the Western title Monday when Los Angeles lost to Syracuse, celebrated Tuesday night with their 26th victory in 30 home games—a 126-114 decision over the Cincinnati Royals.

As a result, Detroit still trails Los Angeles by a game and a half with Cincinnati another game back. The Lakers return home tonight to play the Boston Celtics while a Detroit doubleheader sends Philadelphia against Cincinnati and New York against Detroit.

Philadelphia has a four point bulge over Syracuse for second in the Eastern Division. But the Nats have been coming on strongly while the Warriors' victory Tuesday night was only their third in 10 games.

3 Basketball Changes Urged

CINCINNATI (AP)—Coach Jim McCafferty of Xavier of Ohio says basketball fans may have some good ideas to improve officiating at games, which he said has become poorer in the past three years. McCafferty told a group of Xavier partisans Tuesday that three ideas by some coaches have already proved unworkable. The ideas were better pay for officials, three officials per game instead of two and rules changes to make the game more like pro basketball.

Pihos To Recruit Pro Grid Players

CINCINNATI (AP)—Pete Pihos, hired by a group that wants to put a pro football franchise in Cincinnati, says he's off for several months of talent-hunting.

Pihos, who quit as an assistant at Tulane, was picked as head coach and is currently holding the general manager's job too for a team to be called the Cincinnati Dukes.

Robert Rappaport, 24, New York advertising man, earlier this month announced he had financial backing for an American Football League franchise in 1962 and expected a charter in six weeks.

Sears, Roebuck Names Public Relations Chief

CLEVELAND (AP)—James T. Griffin, general manager of Sears, Roebuck & Co. retail stores in Greater Cleveland since 1946, has been named director of public relations for the company.

Charles H. Kellstadt, formerly of Cleveland, now chairman of the board, said Griffin, 57, would assume his new duties in Chicago next week and that early this spring he would be elected a vice president.

Warren To Seek Refund On Loan Repayment

WARREN, Ohio (AP)—The city will seek a possible refund from federal authorities of \$75,000 payment made in settling a 1947 engineering loan. The city contended when it made the payment it should not repay the loan because it did not use the original plans. The government took the position that much of the original drawings were used in the final plans. The settlement was a compromise of an original debt of \$124,500. A cancellation this week of a \$70,000 claim for an engineering loan against the city of Niles generated the new request for a refund.

HEY, WRONG SPORT!—Making like a footballer that he is, Bruce Maher of the Detroit Lions puts on the ball-carrying act at the Detroit Tigers' training camp at Lakeland, Fla., where he is trying to make the grade as a catcher-outfielder.

Continuing Idle Pay Claims Up in Cleveland

CLEVELAND (AP) — Continuing claims for unemployment compensation in Cleveland rose last week to 46,431, a new high for the current recession. The local office of the Bureau of Unemployment Compensation said the peak in the 1958 recession was 53,250 in June. New claims filed last week totaled 6,539, up 1,239 from the previous week.

E. C. Schulze, acting area director of the BUC, said the total was boosted by the one-week lay-off of 3,800 Ford Motor Co. workers.

Pitcher Bob Friend of Pittsburgh gave up only 45 bases on balls in 276 innings last season. Ten were intentional.

Ohio Collegians Thump Visitors

Only 2 of 8 Contests
Lost by Host Teams

By THE ASSOCIATED PRESS
Visiting college basketball teams had a hard time finding any hospitality Tuesday night on Ohio's cage courts. In fact, only two of the eight roving teams were able to take away victories and one of these was from an Indiana floor.

Baldwin-Wallace came from behind in the last two minutes to dump Muskingum 88-81 on the Muskies floor and Wilberforce, thanks to a 56-point second half, defeated Grace 97-90 in Winona Lake, Ind.

In the other six games on the state card the hosts showed no mercy.

Wittenberg's Ohio Conference champions wound up their fifth straight home season without a loss as the Tigers rolled over Ohio Wesleyan 76-52. It was the 46th consecutive home-court triumph for the Tigers and their 29th in a row in the conference.

Kenyon and Otterbein concluded their seasons with Kenyon romping to a 68-51 win over the Cardinals. The Lords' Jeff Slade, the leading point maker and rebounder in the Ohio Conference, led the way with 32 points and 23 rebounds.

In a third Ohio Conference game, Mount Union trampled hapless Hiram 93-55. The tormented Terriers have yet to win a loop game in 13 starts. They are 3-15 for the season.

Elsewhere around the Buckeye State, Wooster (15-5) found the range in the second half and pulled away from Western Reserve (6-8) to collect a 74-52 triumph; Steubenville (12-10) tamed the Bearcats of St. Vincent of Loretto, Pa., 84-70, and John Carroll rallied from a 43-39 halftime deficit to defeat Fenn 87-76... the 14th loss in 15 games for the Foxes.

Cincinnati Batteries Open Training

TAMPA, Fla. (AP)—The Cincinnati Reds pitchers and catchers started winding up today as the first arrivals for spring training.

The rest of the squad is due Feb. 27 for early workouts at Plant Field and later at Lopez Field.

Manager Fred Hutchinson said his pitching appears a heap better and added, "I don't know where you'd find a better bunch of promising youngsters."

"The youngsters, however, may get rattled in a crisis. Our job is to drill on fundamentals so thoroughly that our kids will do the right thing automatically..."

Bob Purkey, who won 17 games last year, heads the known starters that include Jim O'Toole, Jay Hook and Jim Maloney.

Joey Jay, a trade from Milwaukee, holds much promise and Hutchinson said his relief pitching looks extra secure with Bill Henry, Jim Brosnan and Marshall Bridges.

Defiance To Host NAIA Tournament

DEFIANCE, Ohio (AP) — Defiance College will play host to the District 22 basketball tourney of the National Association of Intercollegiate Athletics March 6 and 7.

The games will be played on the Defiance High School court. In the first games, Ohio Northern (12-7) will meet Ashland (11-9) at 7:30 p.m., and Defiance (16-3) will meet Steubenville (11-10) at 9 p.m.

The final game March 7 between the winners of these games will decide the team to advance as Ohio's representative to the NAIA tournament to be held March 13-18 at Kansas City, Mo.

Women add dignity to a liquor lounge, says a writer. Unfortunately, the saloon doesn't reciprocate.

Man Threatens To Sue City

William Turner Seeks Street Work

William Turner, 166 Norfolk Ave. threatened to "sue the city" last night at the regular meeting of City Council.

He told councilmen that they should fix the street in front of his home, or I'll go across the street (to the courthouse) and sue you for 35-40 years of back taxes."

Turner's father, Merle Turner, opened the question when he appeared before the lawmakers and apparently asked them to accept a subdivision he plans for the Norfolk Ave. area, in the extreme south part of the city.

The matter has been in the hands of the Planning and Zoning Commission for some time. P & Z chairman Ludwig Hoecker said today that Turner's proposed subdivision does not meet the specifications set out in the subdivision regulations. The commission has not approved the plans.

Turner's request for the city to do something about the Norfolk Ave. area flabbergasted the solons. They were unprepared for the request, since they knew the P & Z Commission still was working on the matter.

THE elder Turner's request was referred to the city solicitor for an opinion. William Turner's request for the city to fix the street also was handed to the solicitor.

It was reported last night that a three - year plan for major street reconstruction is in the mill and will be presented to Council at its next session.

A proposal to increase rates for keeping city prisoners in the Pick-away County Jail was referred to the Safety Committee. The county seeks a fee of \$2.25 a day and 75 cents per meal for caring for city prisoners. That is an increase over the present rate.

Organized Labor Plans Big Lobby

MIAMI BEACH, Fla. (AP) — Organized labor is launching a big lobby organization with interested outsiders to help put over President Kennedy's Social Security health aid plan for the aged.

The AFL-CIO announced Tuesday it is combining forces with others supporting the plan to combat opposing drives by the American Medical Association, the American Bar Association and such business groups as the U.S. Chamber of Commerce and National Association of Manufacturers.

Kennedy has proposed an extra quarter-cent payroll tax on workers and their employers to finance an aged health plan added to the Social Security system. This would replace the program adopted under former President Dwight D. Eisenhower's administration to finance health benefits for the aged out of the U.S. Treasury.

George Meany, AFL-CIO president, said in announcing the new organization to push for the Kennedy plan, that financing health benefits for the aged through Social Security would enable workers to buy insurance against health costs in their advancing years.

Kennedy's Social Security financing plan has been attacked by the medical association and other organizations as a step toward socialized medicine, a contention hotly denied by the AFL-CIO and other Kennedy plan advocates.

Cop Chief Fights Job Suspension

AKRON, Ohio (AP) — Police Chief James R. Borman of nearby Tallmadge said Tuesday he will appeal to the Civil Service Commission an indefinite suspension from the chief's job he has held since 1955 and which pays about \$6,300 a year.

Borman was notified Monday in a letter from Mayor Paul Hill that he was suspended for "neglect of duty." The chief, a Tallmadge Police Department member for 13 years, said he did not know the specific reasons behind the neglect charge. He said he believed one reason involved alleged failure to investigate a robbery report last Dec. 2.

Wilmington Woman Wins Lawsuit Appeal

CINCINNATI (AP)—The U. S. Court of Appeals, Sixth Circuit, has overturned lower court dismissal of a suit by Mary Grooms of Wilmington against the Greyhound Corp. of Chicago. The court held Judge John Druffel of Cincinnati U. S. District Court erred when he dismissed the action on grounds time had run out. The suit contended the Wilmington woman suffered a spine fracture Dec. 31, 1957 when she boarded a bus and when it started, she was thrown between seats.

LE Schools Participate In Federal Lunch Program

The Logan Elm Local School District is included in the 2,122 schools in Ohio participating in the National School Lunch Program this year.

The School Lunch Program in Ohio is under the direction of the State Department of Education. Nationally, the Program is administered by the United States Department of Agriculture, which allocates Federal Funds to the states for reimbursement for Type "A" lunches served to the children in the schools.

For several years each Type A lunch claimed has received a four-cent cash reimbursement. Type A lunches are designed to supply 1-3 to 1/2 of the daily dietary needs of school children at as low a cost as possible.

The U. S. Department of Agriculture also states: Since transportation of these donated food items is the only cost of the school, these commodities add an additional 5 or 6 cents in value to each lunch.

George McDowell, Superintendent of Schools, reported that the commodities received this school year have made a valuable contribution and have helped to keep

down the lunch cost to children.

MANY products have been received, including frozen ground beef, frozen turkeys, canned peaches, apricots, tomatoes, corn, green beans, butter, cheese and date pieces. Another shipment of commodities is expected in February. These, along with food items purchased locally, assure wholesome, nutritious lunches at a reasonable cost for the school children of this community, stated McDowell.

Mrs. Jewell Hinton, Mrs. Helen Stant, Mrs. Ethel Jones, Mrs. Mary Betz, Mrs. Violet L. Davis, Mrs. Kathryn Frazier, Mrs. Bertha V. O'Hara, and Mrs. Genevieve Hedges are the school personnel who carefully plan the menus and prepare the meals for the local program.

Carl Burger, executive head, states that during the year, so far, an average of 919 children have eaten their plate lunch in the lunchroom. This represents about 78.6 per cent of the total school enrollment. The price of each lunch is 30 cents. It is next to impossible to pack an adequate well-balanced lunch for this low price.

Council Approves Three-Week Vacation for City Workers

City employees will have better vacation provisions in the future.

Last night City Council passed an ordinance giving all city employees with 10 or more years of service a three - week vacation each year. Those with more than one year service will get two weeks with pay.

Hourly employees, mostly in the Service Department, will receive eight hours pay for six holidays each year — New Years Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, and Christmas Day.

Another ordinance authorizes Service Director Harlow Arledge to advertise for bids and purchase two new trucks — a 1 1/2 - ton dump truck and a 1/2 - ton pick - up truck.

Two money ordinances were passed by the legislators. One approves the transfer of \$825.85 from

the Contingent Fund to the General Fund to pay legal fees to Emmitt L. Crist.

CRIST WAS hired as assistant city solicitor to aid at that time city solicitor Robert Huffer to fight a \$190,000 lawsuit filed against the city by George Bidinger in connection with a garbage hauling contract. The case has been won by the city.

Council also transferred \$106.89 from the Contingent Fund to the General Fund to pay delinquent taxes of that amount.

City Solicitor Kenneth Robbins told the lawmakers that the taxes are due on parcels of land given to the city. Robbins said that the taxes were due when the property was given to the city. He said that in order to remove the property from the duplicate delinquent taxes have to be paid. This is being done.

RHODESIA RULER—Sir Roy Welensky (above), prime minister of the Federation of Rhodesia, called out reserves to head off the racial crisis in Salisbury and other areas of the federation.

Flyer Bucks Like Bronco In Derailment

BUFFALO, N.D. (AP) — "It started to go up and down and buck like a bronco," said a stunned passenger. "Then it started to sway, and it went over."

The Northern Pacific's crack Mainstreeter, bound for Portland, Ore., from Chicago, derailed at 60 miles an hour Tuesday, sending nine cars hurtling off the tracks. Thirty-seven persons were taken to hospitals throughout eastern North Dakota.

No one was killed. None of the injured was believed in serious condition.

The train ripped up 300 feet of track and knocked down telegraph poles and communications before the derailed cars came to rest, partially buried in mud.

Dazed passengers crawled from the wreckage as emergency vehicles raced to the site. There were 51 persons in the coaches, 7 in Pullman cars, and 16 crewmen. Almost all suffered injuries of some kind.

The first four cars of the 13-unit train passed a switch about a mile west of here, but the other cars went off the tracks. Seven of the cars lay in the mire today, like a shattered toy train. The wreck blocked the Northern Pacific's main line. Company officials said they expected to have service restored today.

"We were toward the back of the car, and all of a sudden the car started to go up and down and buck like a bronco," said Harry Drew of Fargo. "Then it started to swing back and forth, but the train kept moving forward all the time. Then the darned thing started to sidesway and went over on its side."

Circleville, Ohio

4 Lockbourne Jet Airmen Are Killed in Kentucky Crash

HORSE CAVE, Ky. (AP) — Wreckage of an Air Force B47 today lay strewn like tinsel over a nearby farm. The plane blew to bits as it spiraled to earth after a midair refueling mishap.

Only the navigator survived of the five Strategic Air Command crewmen aboard Tuesday night. He bailed out at 7,000 feet and landed in a tree, breaking his left arm.

Unaware of any trouble the KC97 tanker that had been refueling the six-jet plane at 15,000 feet returned safely to base at Columbus, Ohio.

Officials at Lockbourne Air Force Base there said the B47 carried no nuclear or other bombs, but was outfitted with electronic gear to disrupt enemy radar.

The Air Force identified the victims as:

George Hamrick Speaks at Lions Meeting

The Circleville Lion's Club held a dinner meeting last night at the Wardell Party Home.

Highlighting the meeting was a talk by George Hamrick, County Extension Agent. Hamrick spoke to the group on "Farmers Income." He pointed out that the average factory worker's yearly income exceeds the average farmer's by \$1,000 to \$1,500.

Two international councillors attended last night's meeting. They were Don D. Allison and William A. Althouse, both of Chillicothe.

Althouse was one of the founders of the Circleville Lions Club. He gave a brief talk on charter night of 1951.

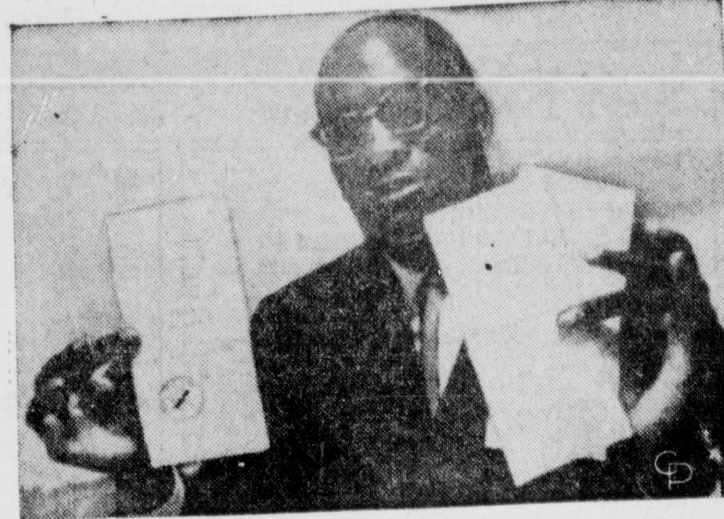

Everett Funk, president, gave a report on the Sight - Saving Program. He stated that of the 1,034 school children examined, 46 were referred to eye doctors for further examination.

Guests for the meeting included Don D. Allison, William A. Althouse and Jim Labor.

Cub Scout Banquet Set for Tomorrow

Cub Scout Pack No. 170 will hold its annual Blue and Gold Banquet at 6:30 p. m. tomorrow in the Trinity Lutheran Parish House.

In enrolment of full - time students, Ohio State University ranks seventh among the nation's 1,016 accredited universities and four-year colleges.
